STUDENTS' COUNCIL TECHNICAL COMMITTEE

EVENT REPORT – HADOOP WORKSHOP

The Students' Council Technical Committee 2019-20 had organized Hadoop Workshop in collaboration with Datagami company for the students of MPSTME on 18th of December, 2019. The workshop was conducted to let the students learn about Hadoop as a platform and its importance in the technical world.

Mr. Kaushal Shah the CEO of Datagami company addressed the students.

The speaker introduced Hadoop as a platform , its benefits and applications.

The topics covered during the workshop were:

- Hadoop technology
- History of Hadoop
- Why it was implemented
- Why Hadoop should be used as a platform?
- Hadoop architecture
- Features of Hadoop
- Core components
- Developers behind Hadoop
- Hadoop cluster
- HDFS
- Benefits of Hadoop
- Hadoop over SQL
- Industry applications of Hadoop

About 60 students attended the workshop in total. It was an informative workshop and the students got a chance to learn about Hadoop by the industry experts.
