SVKM'S
Narsee Monjee Institute of Management Studies
Deemed-to-be UNIVERSITY

Message from Officiating Vice-Chancellor

Welcome, and Congratulations on joining NMIMS! Today, you have joined an institution that has the legacy of developing some of the most successful professionals and organizational leaders.

NMIMS is ranked among India's top universities and has been awarded national accreditation at the highest level. The Management Schools of the University are globally accredited. You have joined the University that has a successful track record of growth. We believe in sustaining the quality, and the University offers a world-class learning experience. We strive towards excellence in all our endeavours. Our students and faculty have earned national and global recognition in the form of Awards and Fellowships. It's a University that has a growing research culture.

The three pillars of NMIMS are quality, employability, and excellence. All this has been achieved through a culture of dialogue, collaboration, and mutual trust. The innovativeness of the University is borne by many programs visualized in a value-driven manner compared to the conventional program designs. We have always believed in remaining relevant and, at the same time, engaging in knowledge generation and dissemination. NMIMS faculty today is an eclectic mix of young and not so young, having academic and industry experience, and those with national and/or foreign qualifications. It is this mix of faculty that you will have the opportunity to learn from. NMIMS ethos is to develop professionals who are socially sensitive and live in harmony with the environment.

NMIMS has a facilitative administrative and academic system. The Dean or Director of the Schools and Campus is the voice of NMIMS. There are appropriate channels and structures to respond to student grievances.

The student resource book guides you on rules and regulations of University and will help you navigate your journey here at the NMIMS. During your stay at NMIMS, we would like to ensure clarity and transparency in our communication. The Student Resource Book has been divided into three parts. Part I comprises University information and rules and regulations that you would need to know. Part II has school-specific details for your effective and smooth interaction with the school, and Part III has annexures. Also listed are facilities provided in the institution.

Please do spend some time and go through this information carefully so that you do not miss out on any opportunity that NMIMS may have to offer you. There is a Student Undertaking on the last page for your signature and to be handed over to your course coordinator by the mentioned date.

We would also like to have your support to maintain the University image and uphold its values. We value your feedback.

Dr. Ramesh Bhat

Student Guidelines
(With effect from June 2020)

1.0 About these guidelines:

- 1.1 These guidelines provide norms for daily functioning of the NMIMS and enable appropriate usage of infrastructure and effective academic deliveries for students.
- 1.2 This compilation of guidelines comes into effect from June 2020 onwards and supersedes all other guidelines in respect of matters therein.
- 1.3 These guidelines are applicable for all campuses schools under NMIMS deemed –to-be University located across the country.
- 1.4 This document of NMIMS is the last word on interpretation of any student guideline, rule or regulation. While efforts are made to ensure uniformity between these guidelines and the Rules & Regulations of NMIMS, in the event of any dispute, the Students Resource Book will prevail.
- 1.5 The management has the right to change the guidelines to meet the institutional objectives and the decision of the management will be binding on the students.
- 1.6 NMIMS has the right to make any changes as it may deem fit in terms of the program content, name of the Degree / Diploma, duration, method of delivery, faculty, refund policy, evaluation norms, standard of passing, guidelines, etc. In case of any dispute or differences about the program, the decision of the Vice-Chancellor of SVKM'S NMIMS will be final and binding on all the participants.
- 1.7 All disputes are subject to Mumbai jurisdiction only.

2.0 General guidelines:

Code of Conduct

- 2.1 Cleanliness of the premises must be maintained by everyone in the NMIMS at all points of time.
- 2.2 There is an acute shortage of parking space and the students are requested to park their vehicles outside the premises.
- 2.3 Any problem with regard to administrative facility, faculty, and classrooms etc., must be addressed through the class representative who will take it up with the course coordinator. In the absence of a satisfactory response, the student may approach the Assistant Registrar /Deputy Registrar/ Dean/Directors of the school/ Registrar, NMIMS.
- 2.4 In case of Lecture Cancellation, the course coordinator will inform said changes to class representative/ respective students through the Student Portal /email /Notice Board. Class representatives will not arrange any extra lectures, guest lectures, and lecture cancellations directly with the faculty.
- 2.5 Use of cell phones on campus is **not** permitted. Any student found using the cell phone on campus will be penalized as per the regulations in force from time to time.
- 2.6 Classrooms are fitted with an LCD projectors / Smart Boards for the utility of the faculty and the student. Commented [WU1]: Point number 3.0 is missing attendance and leave of absence guidelines for all students. Pl check with draft SRB shared

3.0 Attendance and leave of absence guidelines for all students:

3.1 General Guidelines

- 3.1.1 A student is required to monitor his /her own attendance regularly. All doubts regarding attendance should be clarified with concerned faculty within appropriate time (at the end of each class during recess or at the end of class hours of the day). If the student is marked absent even when present, he/she should immediately inform the concerned faculty by submitting a written application justifying his/her stand.
- 3.1.2 Attendance report of all the students would be displayed on notice board / Student Portal on monthly basis. If a student has any issue or find any discrepancy in his/her attendance, he/she should inform the office in writing regarding the same within 3 days of the publication of attendance record. No claim shall be entertained under any circumstances after that. No changes will be permitted once attendance reports are finalized.
- 3.1.3 For All absence, prior intimation through prescribed application form is to be given to Course Coordinator. In emergent situations, intimation must be given to Course Coordinator on phone/ fax/ email within 24 hours of the absence. Any absence without written intimation will be treated as unauthorised and will be reflected in the records as such.
- 3.1.4 Parents of the students shall be intimated with attendance record of their ward if the student has less than 80% attendance on monthly basis through email/SMS. Students have to notify the office in case of change of any contact information of parents. Parents may be called to school to discuss the consequences of remaining absent.
- 3.1.5 Students must refrain from approaching the visiting and full time faculty members for attendance related issues and exemptions. They must submit an application to the concerned coordinator for necessary approvals.
- 3.1.6 If the student remains absent due to any medical issues he / she should submit medical certificate along with copy of all the medical reports to the office within 3 days of resuming the classes after medical leave. No certificate shall be entertained under any circumstances thereafter.
- 3.1.7 Final attendance of Trimester/Semester will be published on Student Portal / Notice board after end of classes. If the student has any issues regarding attendance will notify the Dean/Director campus in writing and the same will be placed before an appeal committee. The decision of the committee will be final.

3.2 Attendance rules for all schools (except SBM)

- 3.2.1 100% attendance in classes for each subject is desirable. However, for medical reasons/ personal reasons/ extra-curricular and co-curricular activities/ placement/ institutional work/ other activities etc. absence relaxation upto 20% may be allowed.
- 3.2.2 Students, who are having attendance, equal to or more than 80% in each subject, in a trimester/Semester, are eligible to appear for respective Trimester/Semester end examinations.
- 3.2.3 Exceptional cases for students having less attendance in any subject(s), will be dealt with on case to case basis by Dean/Director of the respective school by giving them an individual hearing. After giving hearing the,

Dean/Directors of the respective schools may give them exemption upto 10% on case to case basis to enable them to reach upto 80%. After giving 10% exemption student attendance should reach 80% to be eligible to appear for Trimester/Semester End Examinations. Such students will be eligible to appear for the regular trimester/semester end term examination, subject to approval of exemption from attendance if has been granted from the Dean of respective School / Director of the respective campus.

	70% to 79.9%	1 Grade Less

(c) Students who have attended less than 60% class will be marked absent and will have to repeat the entire Course/ Module with all evaluation components. All earlier evaluation components (if any) will be considered as null and void.

3.2.8 If any student has obtained 'D' grade due to non-fulfilment of the above attendance criteria, then he/she will not be allowed to appear for written final re-examination and/ or improvement in the internal assessment.

4.0 Academic Guidelines

4.1 Credit Structure

Credit structure is defined in terms of contact hours assigned for various academic components of a programme. This includes class room lectures, tutorials, practical sessions, projects, seminars, lab work, group work and any other academic activity for which contact hours are assigned in the curriculum. The details are as follows:

4.1.1 **Trimester Pattern:** For trimester pattern programmes the credit details are as follows:

Details	Credit	Equivalence in hrs. in a 10 weeks of Trimester
Class room teaching	1 credit	10 hrs.
Lab/Tutorial/group/presentation work	1 credit	20 hrs.
Seminar (subject to schedule throughout trimester)	1 credit	20 hrs.
Project work	1 credit	20 hrs.
Internship	1 credit	40 hrs. (per week)
Research paper/ dissertation	1 credit	20 hrs.

3.1.2 **Semester Pattern:** For Semester pattern programmes the credit details are as follows:

Details	Credit	Equivalence in hrs. per week	Total Hours in a 15 weeks of Semester
Class room teaching	1 credit	1hour	15 hrs.
Lab/group/presentation work	1 credit	2 hours	30 hrs.
Lab (applicable for Technical Schools)	1 credit	2 hours	30 hrs.
Tutorial (applicable for Technical Schools)	1 credit	1 hour	15 hrs.
Seminar (subject to schedule throughout semester)	1 credit	2 hours	30 hrs.
Project work& Dissertation	1 credit	2 hours	30 hrs.
Internship	1 credits	40 hours	

4.2 The broad components of evaluation for any course/subject may be as follows. The total marks for each course with maximum that can be assigned for each component will be as per specific requirements of school. **For details, kindly refer Part II for school specific inputs**

- 4.2.1 Class-participation/ Individual presentation in class
- 4.2.2 Quizzes/ Class test/ Surprise test/ Assignments (announced/unannounced)
- 4.2.3 Individual assignment/ Group assignments/ Presentations/ Decision sheets
- 4.2.4 Term papers/Decision sheets/ Project reports
- 4.2.5 Research Paper Presentations /Viva
- 4.2.6 Tutorials

- 4.2.7 Sessional / Mid-term examination
 - 4.2.8 End-term examination
 - 4.2.9 Any other school specific component
- 4.3 It is advisable for every course to have at least 3-4 evaluation components. **Kindly refer Part II for school specific criteria.**
- 4.4 Term End examination is a compulsory component. The mode of the Term End Examination will depend on course learning objective.
- 4.5 Duration of examination
- 4.5.1 Minimum duration of Mid –Term Examinations: 1 hr.
 - 4.5.2 Minimum duration of End-Term Examinations: 2 hrs.
 - 4.5.3 Examination duration can also be more than the above specified time as defined by respective schools. (refer Part II of SRB)
- 4.6 The internal evaluation marks once shared with the students and finalized cannot be changed subsequently.
- 4.7 For all the programs, the weightage for each component will be specified by the Faculty and will form an integral part of the course outline (as per specific requirement of school/programme). The Faculty has flexibility to formulate and implement evaluation system with weightage specified in course outline. While approving the courses, the HOD/Area-in-charge and the Dean/Director/ Associate Dean will ensure that the evaluation components and weightage points assigned to each component are fair.
- 4.8 For grading purpose, the weightage mentioned by the faculty in the course outline will be applied for each component of evaluation irrespective of the marks assigned to the said component for the examination.
- 4.9 The minimum number of students to offer a course/s will be decided by Dean/Director of respective schools on the basis of total number of students registered in that particular course/s.
- 4.10 Project Guidelines:
- 4.10.1 From time to time Faculty may assign projects to students in their course.
 - 4.10.2 After submission, Faculty will also carry out checks of these reports to ensure integrity using software, which can check documents within the batch, across the batch, across past years, worldwide web, etc. Plagiarism is a serious offence, which is unethical and illegal. If a student is found guilty (intentionally or unintentionally), it will be considered as misconduct in terms of NMIMS policies and will be dealt with as per rules of NMIMS.
- For more details on Academic / Project guidelines, refer Part II for school specific inputs**

5.0 Guidelines for Interdisciplinary Offerings: –

The interdisciplinary approach of selection of courses across different streams enables students to get the knowledge of other domains. The guidelines mentioned below are specifically related to courses offered under interdisciplinary offerings.

Home School – The students admitted to the school

Host School – Students enrolled for interdisciplinary course. [eg. Student of MPSTME (home school) enrolled for interdisciplinary course at SBM (Host school)].

- 5.1 The interdisciplinary offering of courses is applicable for Master's level programme or final year of 4/5 years' programmes.
- 5.2 The Master list **interdisciplinary courses** will be built from courses offered by SBM (Management), BSSA (Architecture), MPSTME (Engineering), SDSOS (Science), SPPSPTM (Pharmacy) & SOL (Law).
- 5.3 The students from all schools are allowed to choose maximum 2 courses (as applicable school wise) from master list as a credit courses in lieu of electives. The concerned school's Dean may allow students to choose interdisciplinary courses as an additional subject also.
- 5.4 The interdisciplinary courses will be offered in two sessions as follows:
Fall Session(July to November / December)and Winter Session (December/ January to March/ April).
- 5.5 The Term end examination of all offered courses, as per Master list, will be conducted after completion of the term. The date of final examination will also be mentioned in the time table. The timings of term end examination will be from 4.30 PM-7.30 PM.
- 5.6 The duration of each course will be of 45 hours which will be equivalent to 3 credits. The first 15 hours will cover the basic knowledge of that course and remaining 30 hours will cover the specialized knowledge.
- 5.7 The intake for each interdisciplinary course will be specified in master list. The enrolment of students to

interdisciplinary courses will be opened via notice circulated by Home school.

- 5.8 The students have to register through Students portal only. The registration for enrolment of courses for **both** fall and winter sessions opens from **first week of April- first week of May** in **current** academic year for courses to be offered in **next** academic year.
- 5.9 The course outlines will be available on Students Library portal. Students may view them on **Community tab → Academic year 2020-21- Interdisciplinary Registration [Fall & Winter Session]**
- 5.10 The students cannot opt out of the course once the list is finalized and shared with host school. Only on an emergent situation and with prior approval from Dean, he/she will be permitted to de-register. **A student will not be allowed to opt out of the course where the registration is only 10.**
- 5.11 The course will be offered on the basis of number of students enrolled. If number of students enrolled are more than number of available seats, the selection of students will be on the basis of their CGPA of previous academic year.
- 5.12 The minimum number of enrolment of students in each courses should be 10.
- 5.13 For every course 10% of the seats are reserved for students of host school. The remaining seats will be filled with students from all schools on the basis of CGPA. The maximum number of students from each school for any course is 50 % of the total seats.
- 5.14 The classes will be conducted separately for interdisciplinary courses and will not be merged with existing classes scheduled at the host school.
- 5.15 Student can choose 1 course from fall session and 1 course from winter session. The students of following programme/ trimester/ Semester are eligible to choose course in lieu of elective course /additional course:

School	Programme	Fall Session	Winter Session
SBM	MBA - II year	Trim V	Trim VI
MPSTME	PG Programmes II/III Year	Sem III/V	Sem IV
	B.Tech. & MBA (Tech.) IV year	Sem VII	Sem VIII
BSSA	B.Arch. IV / V year	Sem VII/IX	-
SDSOS	PG Programmes II Year	Sem III	Sem IV
SPPSPTM *	PG Programmes IIYear	Sem III	Sem IV
	B.Pharm.& MBA.(Pharma Tech.) – IV year	Sem VII	Sem VIII
KPMSOL	B.A. LLB. , BBA LLB.	Sem VII	Sem VIII

* For SPPSPTM: The Interdisciplinary course is an additional credit course and hence this course may be exempted from PCI rules. The students may be given one chance to appear for the re-exam of the said course in the month of June.

- 5.16 The Attendance and Examination rules will be applicable as per your respective home school guidelines.
- 5.17 The time table will be shared 2 weeks prior to the commencement of classes.
- 5.18 The Master list of courses to be offered in an academic year will be intimated to the students well in advance.

6.0 Guidelines for CHOICE BASED CREDIT SYSTEM (CBCS): -

- 6.1 The CBCS offering is a concept which is in line with international academic system. The selection of CBCS courses across different streams will enable students to get the knowledge of other domains.
 - Home School – The students admitted to a school for a program.
 - Host School – Students enrolled for CBCS course.
 - (e.g. Student of MPSTME (home school) studying in SBM (Host school))
- 6.1.1 The CBCS offerings of courses will be opted from a UG Program to UG program and PG Program to PG Program across all schools.
- 6.1.2 UG & PG students should be offered courses where the grading system is same, i.e. Students studying in courses having absolute grading should be only offered courses where there is absolute grading & students studying in courses having relative grading should be only offered courses where there is relative grading.
 - a. The UG students of 2nd to 4th year of the program should be offered CBCS courses from that respective year which has similar passing standards and grading.
 - b. The UG students of 4th & 5th year can take CBCS courses of 3rd, 4th and 5th year program but no courses offered in PG program.
 - c. The students of Pharmacy who follows PCI guidelines will be offered only add-on course.
 - d. Students opting for a course from SPPSPTM can only take that course as an add-on course.
- 6.1.3 The UG students of 1st year and PG students of Term I of 1st year are not eligible to opt CBCS courses

- 6.1.4 If a Student from Semester/Trimester system takes a CBCS course from Trimester/Semester, the credits will be calculated according to Home School.
- 6.1.5 CBCS is Optional. Students may opt for the course from the bouquet of courses offered in CBCS in lieu of a course/s dropped (as defined in their school's course structure) or take the courses offered by their own Schools.
- 6.1.6 Students studying in the school where teaching/exam scheme is governed by statutory body, can take only extra credit courses as their grading pattern and passing standards are very different.
- 6.1.7 Students from each school will be allowed to choose course / s from the bouquet of CBCS courses in lieu of course / s that can be dropped as mentioned in their course structure.
- 6.1.8 The students are also allowed to choose CBCS courses as an additional subject for extra credits as a credit course or audit course.
- 6.1.9 However, no more than 1 course can be chosen per semester for extra credits.
- 6.1.10 **Credit Mapping:** Credits taken should be equal to or more than the credits dropped. E.g.
- One course of 4 credits can be taken in lieu of 4 credit course.
 - One course of 4 credits can be taken in lieu of one course of 3 credits.
 - Two courses of 2 credits can be taken in lieu of one course of 4 credits OR Two courses of 2 credit + 3 credit can be taken in lieu of one course of 4 credits.
- (In the selection process, if student is selected only for one course of 2 credits, then student cannot drop the subject of 4 credits).
- Where 2 or more than 2 courses are taken in lieu of single course dropped the credit of each individual course should be less than the credit of dropped course.
- 6.1.11 CBCS courses that the student opts for will follow the academic calendar of Host school.
- 6.1.12 Student should take CBCS course in the very semester / trimester, he/ she drops the course.
- 6.1.13 Bouquet of courses for both the terms will be displayed for students in student portal. The registration / cancellation will be open for CBCS Courses for the first Term from first week of June to fourth week of June, similarly for second term registration / Cancellation will be open from second week of November to fourth week of November.
- 6.1.14 If number of students enrolled are more than number of available seats, the selection of students will be on the basis of their CGPA of previous Academic year and availability of preference given by the student.
- 6.1.15 The eligible students list finalized by each school should not have students with live ATKT as on last day of registration.
- 6.1.16 Student will be given one-week window after commencement of the course to finalize their registration. The students cannot opt out of the course once the list is finalized and shared with host school. If cancellation is done after publishing final report of enrolled students, the transcript will show ABSENT for this subject.
- 6.1.17 Allocation of seats to each school will be decided automatically through the students portal by a formula arrived at which is on the basis of the number of seats offered by each school for CBCS.
- 6.1.18 The classes for such courses will be merged with existing classes conducted / scheduled at the host school.
- 6.1.19 The CBCS courses can be offered in a lecture mode/ workshop mode or any other pre- defined mode as mentioned in the course outline of the host School.
- 6.1.20 The timing of the classes to be conducted for CBCS course will be either in the morning between 7:00 AM to 9:00 AM or in the evening between 4:30 PM to 6:30 PM. The classes will be scheduled / conducted in host school as per date and timings mentioned in Time Table shared by host school.
- 6.1.21 The student's attendance in class, timetable, conduct of classes etc. will be completely managed by each host school academic office.
- 6.1.22 Any rescheduled lecture may have extra hours' class in a week (2 separate days), once approved by Dean and subject to availability of all the students.
- 6.1.23 The examination passing criteria will be as per Host School.
- 6.1.24 Grading system will be applicable as per host school.
- 6.1.25 Re-examination rules will be applicable as per home school.
- 6.1.26 The Term end examination of all offered courses, as per bouquet of courses, will be conducted by Host school after completion of all the lectures.
- 6.1.27 Progression rules will be of home school.
- 6.1.28 No Grace marks will be awarded for CBCS course. However, if CBCS is taken in lieu of a course dropped then CBCS course has to be included for alternate grading and for count of failed subjects for deriving alternate grace rules.
- 6.1.29 For CBCS courses, ICA improvement in the next academic year is not permissible.
- 6.1.30 Re-exam rules will be applicable as per Home school but conduct will be done by Host school. i.e. if MPSTME/SPTM student opt for SOC module and fails, he will be allowed to appear in re-exam in next year according to his / her school rules but SOC student studying same CBCS subject together will not be allowed as ATKT rule is not applicable in SOC.

- 6.1.31 If student has opted CBCS course as an additional course and failed to pass this subject after re-examination, student can progress to the next year of the program but transcript will show 'F' grade for that course.
- 6.1.32 Re-examination will be conducted by Host School.

6.2 Passing and Grading criteria of CBCS courses:

CBCS course taken in lieu of a School course dropped:

- 6.2.1 The CBCS course taken in lieu of a course dropped from the student's School will be treated at par with the regular courses taken by the student. The passing standards and grading will be of host school. The grade received by a student in the CBCS course will be reflected and added to the student's CGPA.
- 6.2.2 If a student does not give the exam and remains absent an 'Absent' mark is indicated against the CBCS course taken in lieu of a dropped course. The overall grade for the student will be fail. The student will have to take a re-exam as per the School norms. Till such time 'Fail' will be indicated against his overall result.
- 6.2.3 If student fails even after taking the re-exam for a course taken in lieu of a course that the student may have dropped from his/her School, then 'F' is reflected on grade sheet against the CBCS course and the overall grade will be Fail for the term concerned and it will affect the student's progression.
- 6.2.4 In case the student has to repeat a year if the student fails to clear the re-examination then the student will have an option of taking the course of the home School or taking a CBCS course offered in the year of his readmission.
- 6.2.5 If a student has the option of repeating only the course he has failed in (as per the new passing standards for all batches from 2018-19 onwards) then he has the option of taking the same CBCS course he had failed in or the course of the home School, he had dropped.
- 6.2.6 If a student passes in CBCS course taken in lieu of a dropped course, then the grade and passing standards will be of host School and the CBCS course will be reflected in the student's CGPA.
- 6.2.7 A foot note will be displayed on the grade sheet as: '*Choice Based Credit System- course is opted in lieu of the dropped course', for those students who have opted for CBCS.

CBCS course taken as add on course:

- 6.2.8 The CBCS course taken as an add on course by the student over and above the regular courses of the student's School will be treated as extra credit courses. The passing standards and grading will be of host school. The grade received by a student in the CBCS add on course will not be added to the student's CGPA and not affect his/her progression. However, it will be displayed in the Student's transcript.
- 6.2.9 If a student does not give the exam and remains absent an 'Absent' mark is indicated against the CBCS course. However, this will not impact the student's progression and overall grade will be what students get in their School courses without taking into account the CBCS course.
- 6.2.10 If student fails, then 'F' is reflected on grade sheet against the CBCS course however this F will not impact the student's progression and overall grade will be what students get in their School course without taking into account the CBCS course. Even after re-exam of CBCS add on course if a student fails in the add on course the student will still progress as it will not be counted in his/her CGPA.
- 6.2.11 If a student passes in CBCS add on course the grade will be reflected against the CBCS course without being included in his/her CGPA.
- 6.2.12 A foot note will be displayed on the grade sheet as: '*Choice Based Credit System- additional course', for those students who have opted for CBCS.

7.0 Examination Guidelines:

Any breach of the following requirements relating to examinations and assessments, whether committed intentionally or unintentionally may be regarded as "misconduct", and would be dealt with, under Disciplinary procedure of NMIMS. Severe penalty would be imposed on the students who are found to be involved in the adoption of unfair means in the examinations.

7.1 Discipline in the Examination Hall

- 7.1.1 Students must know their Roll Number and Student No.
- 7.1.2 Students who are eligible to write the term end examination/re-examination should be present in the Examination Hall at least 30 minutes before the scheduled time of the commencement of the examination. All the students, who arrive in the examination hall after the scheduled time of the commencement, will not be permitted to appear for that examination. In exceptional circumstances, the student will necessarily have to get the approval of the Dean/Director of the respective school / Campus or person nominated by the Dean/Director in order to appear at the examination. Students who report late to the examination would be permitted to appear at the examination in exceptional circumstances only after they produce a written approval from the said authorities on application to be made by the student concerned. Such a student who has reported late will not be eligible for benefit of extra time due to late arrival as well as the loss of time in getting approval from the Dean of the school in such a case.

- 7.1.3 Students are not permitted to enter the examination hall after half an hour of the commencement of the examination. Students are not permitted to leave the examination hall until half an hour after the start of the session or during the last ten minutes of the session.
- 7.1.4 Students, who are not in their seats by the time notified, will not as a rule, be permitted to appear for the examination.
- 7.1.5 Students should ensure that all their bags and other personal belongings are deposited in the designated area usually near the Supervisor's table or outside the examination hall, at their own risk. NMIMS will not be responsible for the safety and security of the same.
- 7.1.6 A student, who fails to attend an examination at the time and place published in the timetable, will have an 'Absent' remark in the grade sheet. Opportunity for re-examination will be given according to the rules and regulations.
- 7.1.7 Students should occupy their correct seats as per the seating plan displayed and write appropriate details in the space provided for the purpose on the answer-book.
- 7.1.8 Students are required to have and keep ready their Identity Cards issued by SVKM's NMIMS and they must produce these for verification by the room supervisor during the examination. Students not having the said identity card with them during the examination may be denied permission to appear for the examination.
- 7.1.9 Every student present must sign against his / her Student number on the attendance sheet provided by the Room Supervisor.
- 7.1.10 Students should specifically go through the instructions given on the top of the question paper and on the front page of the answer book. They are of utmost importance.
- 7.1.11 **On the front page of the answer book the students should write only the name of the program, specialization/stream if any, trimester/semester details and course / subject for which examination is being held, number of supplementary sheets attached to the main answer book. Any extra writing on the front page or anywhere in the answer book will be treated as act of unfair means and will be dealt as per rules.**
- 7.1.12 **QUERY REGARDING QUESTIONS IN THE EXAMINATION QUESTION PAPER:** If a student has any query as regards to the contents of the question paper, he should bring the same to the notice of the examination hall supervisor without disturbing others in the examination hall.
- 7.1.13 Students are forbidden to (i) bring any books, notes, scribbling papers, mobile phones, calculators, laptop, Bluetooth devices or any other similar devices/things unless specifically permitted. Any such material found in possession of the student will be confiscated (ii) smoke in the examination hall, (iii) bring eatables/ drinks in the examination hall (iv) speak or communicate in any manner to any other student, while the examination is in progress, and (v) take with them any answer-book, written or blank, while leaving the examination hall. All Such acts amount to adoption of unfair means by the student/s concerned and strict action will be taken against them. The supervisors/ authorized persons are authorized to frisk the students.
- 7.1.14 Any method to bribe the examiner/s by attaching currency notes or letters or making an appeal inside the answer book or by any other means of communication is strictly prohibited and will result in serious action being taken by the University.
- 7.1.15 The answer books of the term-end examinations are bar coded and therefore, students should not write his/her name, Roll No., Student No. etc. anywhere in the answer-book and / or reveal his / her identity in any form in the answers written by him / her or anywhere in the answer book. Writing these details or putting signature amounts to revelation of identity. Use of religious invocation or any writing that is not relevant to the answers anywhere in the answer-books will be treated as attempt to reveal identity, and will be treated as an act of adoption of unfair means.
- 7.1.16 While underlining of answers for focusing attention is permitted, use of varied inks, except for illustrations and figures must be avoided. DO NOT use any symbol like encircling the question or using colour arrows for 'P.T.O'. These will all be considered as attempts to readily identify the specific answer-book.
- 7.1.17 Students should neither tear any sheet/s from the answer-book provided nor shall attach unauthorized additional sheets to the same. All answer-books / supplementary sheets whether written or blank should be returned to the room supervisor. Carrying the answer book / any part of the answer books out of the examination hall will be treated as against rules and appropriate action will be taken against such candidate/s.
- 7.1.18 Students should not write anything on the question-paper.
- 7.1.19 Exchange of stationery, writing material, mathematical instruments, question paper etc. is strictly prohibited and will attract penalty.
- 7.1.20 If students want anything, they should approach the Room Supervisor without disturbing other students. However, they should not leave the examination hall on any account, without surrendering his/her answer book.
- 7.1.21 Students will not be allowed to leave the examination hall during the examination and especially during the last ten minutes. They should not leave their seats until answer-books from all students are collected by the Room Supervisor.
- 7.1.22 A student who disobeys any instructions issued by the Invigilator's / Room Supervisor or who is guilty of rude or disobedient behaviour is liable for disciplinary action to be taken against him / her by the University.
- 7.1.23 **Students suspected to be guilty of any of the aforesaid acts will be allowed to write their examination only after giving an undertaking in writing that the decision of the University in respect of the reported act of unfair means**

will be binding on them.

7.2 Guidelines for Appointment and Availing facility of Scribe for the physically challenged (permanent or temporary disability) students during examinations conducted by NMIMS

- 7.2.1 A student who may have a permanent or temporary physical disability may apply to NMIMS for appointing a scribe for the examinations.
- 7.2.2 The student should submit an application for the purpose along-with 'medical certificate' from 'Registered Medical Practitioner' to that effect (Annexure 7) with rubber stamp of the Registered Medical Practitioner on the certificate well in advance.

7.3 In the following cases of students, the medical certificate of only Government Authorized Agencies would be accepted for Mumbai Campus namely:

9 Placement Guidelines:

NMIMS is a premier University of the country, the B-School is in existence for over three decades and over the years it has earned recognition from industry & professional associations, corporates, peer group institutions and accreditation agencies. All these laurels and recognitions would have been incomplete without the support of the corporate world. Our alumni occupy senior positions in leading companies across sectors.

NMIMS is also a great place to recruit potential young managers and business leaders. Leading companies across sectors consider our students for recruitments/ internships. As we have cordial relations with the corporate world, many companies have supported us even during tough times. We would like to continue this mutually symbiotic relationship. Hence, it is expected that students understand this sentiment and behave responsibly at all times. Any untoward incident will jeopardize this association and have serious repercussions for placements and for the future.

Being a Deemed to be University of higher learning, the corporate world expects students to display high standards of knowledge, capability and excellence. Recruiters also look for serious candidates who are clear about their long-term plans, the sector they want to be and profile they want to undertake.

Placement assistance is offered to students of various programs across Schools & Campuses. It is the prerogative of the Schools & Campuses to decide, which of the programs this service should be offered.

The Placement Office facilitates the process of placements – internship & recruitment by creating an interface between recruiters and students. Efforts are made to market the programs with their merits with an endeavour to get companies to offer internships/recruit students. The selection process specified by the company is followed. The PlaceCom - Placement Committee of students are actively involved in the placement activities – contacting/visiting companies located in metros & major cities for placement presentations and also coordinate various activities during the placement processes.

The Placement Office devises placement guidelines that are in the larger interest of the School and students, in consultation with students and faculty.

Students are expected to maintain decorum and abide by the guidelines during placement processes. In the event of non-conformance to the placement guidelines, the School reserves the right to initiate corrective action.

The New Approach to Placements

The COVID 19 pandemic, has had far reaching consequences leading to an altogether new world of working for all of us. The need to maintain social distancing for the well-being of all concerned, necessitated to have Virtual/WFH internships. Our placement partners, swiftly switched the mode to remote, offered challenging projects, remote processes that entailed e-on-boarding of interns, virtual meetings, mentoring, reporting, networking, assessments, feedback and so on. The agility with which the entire task is being successfully carried out by the HR officials of companies is commendable.

This is a precursor to functioning of placements in the near future. However, the situation being unprecedented, dynamic & the uncertainties looming around, none can fathom-out the scenario that could pan out. So, in the right earnest, we all should embrace the agile way of working, have resilience, be innovative, network, co-partner, find mutually beneficial solutions to navigate through these uncertainties. This could also mean to compromise on the physical presence of stakeholders that could be offset to a certain extent by availing of tech solutions at work. All this is a completely different experience for all of us. However, as we manoeuvre our way through this uncharted territory, the safety and well-being of all stake holders should be paramount under any circumstances.

So, as of now, it seems that the approach to placements would remain the same, but much would depend on the economic condition, the new measures at work adopted by companies, campus placements demand, the job scenario etc. Crucial for us would be to network and support our industry partners to facilitate in identifying talent, devise systems and procedures that would encompass stakeholders, network & learn from the industry of the knowledge and skill sets desired in the new setup, come closer to the beneficiaries & stakeholders, offer solutions and insights that would be of benefit, tweak our systems, procedures and offerings accordingly. The thoughts could be numerous. But the key, is to be agile and adopt innovative measures to tide over the situation and work together like never before for mutually beneficial synergies.

The Placement process typically involves –

- Batch Preparation
- Pre Placement Talks
- Internships/projects
- Final Placements

9.1 Batch Preparation:

The Comprehensive Batch Preparation Program is to enhance the suitability of candidates and orient them to industry practices and expectations.

- a. Interactive sessions with alumni/industry experts in various profiles that help students to gain clarity on role/fit, understanding expectations of the company, future prospects - career evolution, right approach for cracking interviews, listen to first-hand experience & get a feel of life in a particular profile etc.
- b. Interaction with seniors who have undergone internships in companies.
- c. Assigning seniors or alumni as mentors to guide students.
- d. Mock interviews with alumni/corporates to get a direct feedback from people in relevant industries.
- e. Guest talks and workshops on various topics from corporates.
- f. Resume building as per guidelines
- g. Soft skills training etc.

9.1.1 Prior to the commencement of the selection process it is expected that students should be having a fair idea

about their interest, sector, and specialization or at least have some long term vision of where they want to be and should direct their efforts accordingly. A bit of clarity will help students land a good internship/job.

- 9.1.2 Hence students should do a thorough research about the company, the business, the sector, other players in the sector, the financials, etc. and be prepared with a background and fact file prior to the process. Also some additional information – the number of interns/recruits in the past, whether the company has a PPO policy, the roles offered, the experience of seniors who interned with the company etc. will be of help.
- 9.1.3 The Placement Office also involves companies in a number of Campus Engagement activities – contests, projects, workshops, seminars, guest talks etc. that would benefit a larger number of students and also help in promoting the excellent quality of the batch.
- 9.1.4 Based on the guidelines, students will have to prepare their resume that would encapsulate info about academics, work experience, internship, co-curricular activities, extracurricular activities, projects, awards, achievements, hobbies etc.

9.2 Pre Placement Talk – PPT

PPT's are a medium wherein the company officials disseminate information regarding the company, the profile, the compensation etc. and clarify the queries of students. The company officials invest time and effort to disseminate info and the interactive session will make them feel visiting our campus was worth it. Hence students are requested to participate and ask relevant questions.

9.3 Internships/Projects

- 9.3.1 The Placement Office makes all efforts to reach out for internships across varied sectors, companies and profiles. Based on ones' interests and capabilities one should seek internships. Choosing the correct company for internships and performing up to the mark is of utmost importance.
- 9.3.2 The Internships are not only a window to the corporate world but also a relationship building tool for NMIMS. It allows the companies to have a look at the talent at NMIMS, thereby strengthening Final Placements.
- 9.3.3 Internships are an integral part of the curriculum for securing the degree. It is a great learning platform for our students and goes a long way in shaping the learning obtained in the class room. This experience is of immense use to students to enable them to acclimatize themselves to the intricacies of the corporate world.
- 9.3.4 The project is expected to build on the theoretical learning with practical experience and help students to identify the gaps in their learning which they can attempt to fill in. They could also discover areas of interest and future career options.
- 9.3.5 Interactions during the internships both with other interns as well as employees help students to understand the expectations/needs of the organisation, the sector in general, to identify the gaps in their learning and in orienting oneself towards the sector and developing the required skill sets to emerge as the most suitable candidate.
- 9.3.6 Internships also hold a special significance as it is an apt mechanism for companies to spot bright talent early. Many companies have structured internship process which is used as a 'testing ground' to gain a direct understanding of the skill and ability of students leading to declaration of PPO's/PPI's. NMIMS too encourages candidates to work towards such offers that are based on internship performance.
- 9.3.7 Pre Placement Offer (PPO) is an Offer by the company to the intern acknowledging the excellent work done during the internship. Pre Placement Interview (PPI) is an opportunity by the company for the intern to be directly selected for the interview for final placements. Thus, the students should be careful in applying to the companies of their choice and should put in all efforts to convert the internship into an Offer. Thus, the seriousness of this cannot be overstated.
- 9.3.8 While feedback from the company is sought, the internship is also evaluated by School that could involve faculty guide monitoring the performance; periodic report submissions, evaluations, Viva Voce etc.

9.4 Final Placements

- 9.4.1 Leading companies across sectors aspire to recruit students of NMIMS. Each company has its own set of characteristics or qualities that they look for in a candidate. Hence, the company devises the eligibility criteria and selection process accordingly.
- 9.4.2 The process of selection starts with inviting applications based on the eligibility, profile, project, stipend/compensation details shared by the company. The applications of applicants are then sent to companies. Students are required to check their emails/Placement Portal/Student Portal, etc. regularly for information updates.
- 9.4.3 Every effort will be made to facilitate the placement process. However, it is the effort of the student that gets him/her selected for the job. Not getting selected for internships or during final placements in the first few companies should not lead to panic. Students are advised not to switch profiles in anxiety or haste.
- 9.4.4 Companies could have one or multiple rounds for selection – case analysis, group discussion, group exercises, interviews etc. Reasons like location, family issues etc. should not be constraints to students. They are expected to be mobile and have the capability to adjust and adapt and respond to emergent situations successfully.

- 9.4.5 Students who wish to drop out of the placement process are expected to formally notify the Placement Office vide the 'Opted Out Form' mentioning the reason, which could be higher studies, entrepreneurship, family business, seeking placements on their own giving with the names of such companies and details. The reason being, to iron out any hitches that may crop up later as the Placement Office approaches many companies and would like to continue the cordial relationship with them.

Each of the Schools will be sharing to the batch, guidelines related to Resume, PPT, Internships, PPO's/PPI's, Final Placements, etc. and it is expected that students follow the same. The School reserves the right to change, modify the guidelines in the best interest of the batch. Students are free to approach the Placement Office for any queries or guidance.

11 Feedback Mechanism:

- 11.1 NMIMS has a well-established online feedback mechanism through Student Portal for communication of perceptions. The components of this feedback mechanism are:
 - 11.1.1 Feedback at the end of the third week of every trimester/Semester. Dean / Director /Programme Chairperson/HOD will meet students personally, if applicable.
 - 11.1.2 Online Feedback through Students Portal is taken using a questionnaire preferably in the last session of every course in each trimester/Semester. This feedback is compiled and statistics are placed before each faculty member by the end of the trimester/Semester.
- 11.2 All students should get involved in this mechanism seriously as it truly helps the NMIMS improve the quality of services and teaching provided.
- 11.3 These are open ended questions in which student can reflect learning and teaching aspects of the course.
- 11.4 NMIMS uses feedback to improve the teaching learning process proactively.
- 11.5 While sharing the feedback to the faculty members, student's identity is kept confidential.

12 Mentoring Programme / 'Psychologist and a Counsellor':

12.1 Mentoring Programme:

Students (as applicable school wise) have been assigned faculty mentors whose role is to help assimilate the NMIMS culture, facilitate intelligent choice making regarding selection of courses and help in identification of resources needed by all students. Do meet your faculty mentor regularly as per their convenience and availability.

12.2 Psychologist and a Counsellor:

A counsellor is a non-judgmental friend who understands, ensures privacy and confidentiality and counsels you by giving choices so that you make the right decision. Counselling is based on realistic, structured and research based therapies.

Managing emotions is important to ensure all rounded progress in life. To learn something new, we need to break the old walls of myths and misconceptions. Visiting a counsellor helps us to relearn some more helpful, progressive, reality based thinking. Personal counselling is very important at every step in life even at the corporate level. What we think about situations affects our subconscious mind deeply which interferes with our present life and hinders our ability to lead a healthy life.

As normal human beings at any given time in life we could go through challenging times and have no one to share or guide us. We often do not share our issues with family or friends due to the fear of upsetting them. We worry that perhaps they may not understand or could become judgmental. At such times we recommend Personal Counselling.

- i. "I cannot concentrate or focus nor can I sleep, at times I get so scared that I go blank in my exams!"

- ii. "Since the time he left me I cannot put my attention to anything I will not be able to live anymore..... can't bear it if she is not in my life!"
- iii. "I have lost my confidence I feel worthless /hopeless; no one loves me. I don't want to live anymore"
- iv. Nobody understands what I am going through.... people become judgemental instead of understanding and supporting, whom to share it with?
- v. Where do I seek help? Who will be able to really help?

Have you had any of these repetitive thoughts or are you facing a rejection that you are not able to cope up with? Have you reacted very angrily first and then later realised that reacting to the event was not really needed and in the process you harmed the relations you had with your friends and family? You just do not know what went wrong then? Do not understand what triggered you?

Just as we would treat a sprain with some ointment, we try to heal our emotional pain on our own. At times when the sprain is not healing we visit the doctor and similarly one visits the counsellor sometimes when we are unable to clear our own emotional challenges. The counsellor needs to check how deep your wound is and usually you are helped by putting a plaster of protection (counselling). Sometimes the wound may have been too deep /chronic or your bone is broken it could also need psychiatric intervention and give appropriate help.

We may be unaware of the implications of our behaviour on others but it eventually could affect our relations in daily life at home, in class, or at work. When the past emotional situations are not dealt with therapeutically, we could develop unhealthy negative thoughts and feelings which we need to be aware of as they could again lead to complications and could affect our performance, decision making, logical thinking, studies, relationships, and career. This form of continued stress can gradually affect our body and physiological health causing hypertension, respiratory ailments, gastrointestinal disturbances, migraine and tension headaches, pelvic pain, impotence, frigidity, dermatitis, and ulcers.

The biggest myth is to believe that to be emotional is to be weak so often we push all our emotional issues under the blanket and then to avoid sleepless nights take up unhealthy habits like smoking, drinking, and substance abuse. We do this hoping to feel better which lasts only for short term on the other hand creating long term damage and may lead to unhealthy dependency.

NMIMS wants to ensure holistic development of the students and therefore have appointed a team of psychologists and a counsellor.

13. Guidelines for Admission Cancellation / Payment of fees / Re-admission / Academic Break/ Submission of Documents / Admission Deferment

13.1 Admission Cancellation procedure:

For cancellation of admission, the student needs to submit the application for cancellation of his / her seat alongwith original fee receipt to the admission department (if cancellation is before commencement of the programme). If the cancellation is after commencement of the programme, the said application to be submitted to the respective Dean for further process.

The Schedule of Refund Rules: If a student chooses to withdraw from the program of study in which he / she is enrolled,

the institution shall follow the five-tier system given below for the refund of fees* remitted by the student.

Sr. No.	Percentage of Refund of Fees*	Point of time when notice of withdrawal of admission is received in the Higher Educational Institutions (HEI)
(1)	100%	15 days or more before the formally-notified last date of admission
(2)	90%	Less than 15 days before the formally-notified last date of admission
(3)	80%	15 days or less after the formally-notified last date of admission
(4)	50%	30 days or less, but more than 15 days, after formally-notified last date of admission
(5)	00%	More than 30 days after formally-notified last date of admission

In case of (1) in the table above, the HEI concerned shall deduct an amount not more than 5% of the fees paid by the student, subject to a maximum of Rs. 5,000/- as processing charges from the refundable amount.

Note: Candidates to refer Important Dates of the respective programme.

The above refund rules are as per University Grants Commission (UGC) notification on Refund of Fees and Non-Retention of Original Certificates of October, 2018 and are subject to revision as per UGC notification (as applicable). Please note the closure of admission/last date of admission as mentioned in the important dates of the respective programme.

13.2 Payment of fees:

- 13.2.1 The promoted students for the subsequent years are required to pay the fees as per the email received from Accounts department. Late fee will be levied if fee is not paid within the due date.
- 13.2.2 Non-payment of fees within the stipulated time including the late fee period will attract cancellation of the studentship from that program.
- 13.2.3 **Payment of Fees for the academic break** : If the student has informed the Dean regarding academic break before the commencement of the relevant year and not paid the total fee for that year, then once the academic break is granted, student can pay the total fee (100%) prevalent at that time when he / she seeks re-admission.
- 13.2.4 If a student wants to take academic break after the commencement of the academic year, but he / she has not attended the classes and if the fee is not paid, then while seeking re-admission he/she has to pay the total fee (100%) plus 25% of the total fee as re-admission fee to continue his studentship.
- 13.2.5 If the student has paid the total fee for the entire year and then sought the academic break after commencement of that academic year in the middle of semester / trimester, then he/she has to pay 25% of the total fee prevalent at that time, towards re-admission in subsequent year.

Academic break	Fees to be paid at the time of admission after the academic break
Informed before the commencement of the academic year.	100% total fee prevalent.
Informed after commencement, not attended classes and fees not paid.	100% total fee + 25% readmission (prevalent).
Informed during the semester / trimester fees not paid for current year.	100% total fee + 25% readmission (prevalent).
Informed during the academic year and fees paid for that year.	25% of total fees as readmission fee prevalent that year.

13.3 Re-admission rules:

A student can seek re-admission in next academic year, in case he / she fails to fulfill the criteria mentioned under passing standards in SRB. For this purpose, he / she has to pay 25% of the total fee prevalent at that time for that programme.

Student can take re-admission in the said year of the programme only once. He/she can take re-admission in different years as long as total period of the programme does not exceed the validity period of that programme. For example, for MBA the validity period is 4 years and for MBA Tech. it is 7 years, so a student can take re-admission maximum two times but in different progressive years of the program. Admission to the subsequent years is subject to maximum duration permissible for completion of the programme (in years). Such admissions will be at the students' own risk of

non-completion of the programme during the maximum permissible duration (in years).

Sr No.	Duration of the programme (in years)	Maximum duration permissible for completion the programme (in years)
1	2 years	4 years
2	3 years	5 years
3	4 years	6 years
4	5 years	7 years
5	6 years	8 years

If a student takes re-admission in a particular academic year and is not promoted again, either as per the passing standards of respective programme or any other reason as per academic rules, then the student will not be given second chance for re-admission. For more details, please refer **Part II of SRB**.

13.4 Academic break:

Following rules are applicable for all the schools of NMIMS.

After commencement of any programme, if a student wants to take a break for certain valid reason, then he / she can do so as per the following norms –

13.4.1 The academic break can be granted to any student by respective Dean/Director of School/campus.

13.4.2 The maximum period for an academic break is one year only. (in executive programmes as of now it is upto two years). This will be based on Dean getting convinced of the reason for academic break.

13.5 Eligibility for Academic Break:

Academic break can be granted to any student for any of the following reasons:

13.5.1 Serious personal medical reasons involving hospitalization, if required and supported by documents.

13.5.2 Serious 'family' related issues.

13.5.3 Financial constraints.

13.5.4 In executive education, 'temporary transfer to other country / city'

13.5.5 Financial crisis/Maternity/ shift of duties/additional assignments at the work place applicable for executive programme participants only.

13.5.6 The Dean of respective school will approve the academic break and forward the application of the student to admission department for necessary process.

13.5.7 The academic break can be granted to any student at best twice during the programme as long as the total period of academic break is not exceeding one year and not exceeding the validity period of that programme.

13.5.8 Payment of Fees for academic break: For details please refer point 13.2.

13.6 Submission of certificates / mark sheets:

A student has to submit all the relevant documents / certificates / mark sheets as per the offer letter issued by NMIMS. Non-submission of such mandatory documents after the stipulated time declared by admission department will lead to cancellation of admission of concerned student and the admission fees will NOT be refunded.

If a student has submitted documents and discrepancy is found during verification, the admission would be cancelled and fees will be forfeited.

13.7 Admission Deferment:

Following rules are applicable to all the Schools of NMIMS.

13.7.1 Eligibility for admission Deferment:

Only those candidates who have paid the full fee or got an approval for part payment can apply for admission deferment.

The candidate has to submit an application for 'admission deferment' in admission department **before** commencement of that programme stating the reasons for admission deferment. Admission deferment can be approved only for one year.

13.7.2 Who can apply:

- Serious medical illness.

- Serious family related reasons.
- Candidate not able to organize funds.
- Candidate's work related commitments, overseas assignments (over 6 months)

The application needs to be submitted to admission department, along with all the supporting documents for 'Admission Deferment' consideration.

An applicant who fails to obtain confirmation from Admission office of his/her deferment of admission will be deemed to have forfeited his/her position and will be deregistered from the course admitted to.

13.7.3 Process for Admission deferment:

- 13.7.3.1 Deferred admission may only be granted to admitted in first year students who have paid the required non-refundable enrolment deposit.
- 13.7.3.2 The admission department will scrutinize all the applications and forward it with comments to concerned authorities for approval. The request to defer the offer of admission will be reviewed on case to case basis and will be granted depending on the reason stated along with the supporting documents. NMIMS decision with respect to this will be final and will not be challenged.
- 13.7.3.3 Offer of admission deferment, if not, taken in the subsequent year will lapse and the fee paid will not be refunded. Further, the applicant, if still wants to apply to NMIMS, has to undergo the admission process again as a fresh applicant.
- 13.7.3.4 The letter of deferment of admission will be issued by admission department to the applicant.
- 13.7.3.5 Students who are found to have applied to other colleges and institutes during their time away from NMIMS will have their admission revoked and fees will not be refunded.
- 13.7.3.6 Financial aid offers cannot be deferred. Students must reapply for financial aid.
- 13.7.3.7 Admitted 'Transfer' students are not eligible for deferred admission.
- 13.7.3.8 Deferrals are not automatic and, if granted, a non-refundable deposit is required to hold a place in the following year's entering class.
- 13.7.3.9 Deferment of admission is not applicable for the first year of the programme.
- 13.7.3.10 Once the programme has commenced, then even though the applicant may have not attended the classes, still he/she will not be 'eligible' for 'admission deferment'.

14 Dean's list / Meritorious students:

- 14.1 Meritorious students list (applicable for all schools except School of Business Management)
 - 14.1.1 10 % of the batch on the basis of highest CGPA during the entire period of programme will be under meritorious students list and will get a certificate at the time of Convocation.

22. International Student Exchange Program Policy

22.1 Introduction

NMIMS Deemed-to-be-University has developed an extensive International Students Exchange Program in order to provide a cross cultural exposure and a global perspective to the students apart from classroom teaching. This is managed by Department of International Linkages of the University. The Exchange Program has become increasingly popular with the students and every year students get a chance to spend Semester/Trimesters at a partner Institute. With the dedicated efforts of the International Linkages department, efforts are ongoing to have larger number of students to avail of this unique opportunity in every school. Students at NMIMS also benefit from interacting with overseas students who visit us as part of NMIMS Inbound exchange program and International Immersions.

22.2 PREAMBLE

In a world that is increasingly interdependent, it is imperative for the NMIMS Deemed-to-be-University to have an internationalization agenda. This involves creation of a multi ethnic environment in our programs on our campus. This can happen only when students from different countries and communities join NMIMS programs.

This policy on internalization seeks to clarify the philosophy behind the NMIMS Deemed-to-be-University's Internationalization program and sets out the eligibility of students to apply for an international exchange program. It also sets out the selection criteria and guidelines for assessing applications and the expectations from the students going for the exchange program.

This policy also lays out the facilities for international students in our programs and also the expectations from them. We expect our foreign students to conduct themselves at par with other Indian students.

To aggressively pursue the internalization agenda, NMIMS has signed MOUs with leading Universities. MOUs applicable for NMIMS schools as given below:

Candidates with completed and accurate application will be interviewed by the International Linkages office. Successful candidates will then be nominated to the respective partner universities following which they have to complete the online application as instructions received from partner university via email.
- 22.6.2 The list of courses that a student intends to take up in the partner institute should be clearly mentioned. For those who wish to apply in more than one institute, the lists of the courses in each of these institutes should be mentioned.
- 22.6.3 Upon joining the partner institute, the courses the students intends to take up should be finalized and communicated for approval to the NMIMS School authorities
- 22.6.4 Students need to ensure that they do not get any fail grade in the courses undertaken in the partner institute because many partnering institutes do not conduct re-examination.
- 22.6.5 Other criteria as defined by Deans/Directors of the Schools.

22.7 Code of Conduct

While abroad, the students are subjected to the rules and regulations of the host institution, the laws of the host country and the student code of conduct from NMIMS Deemed-to-be-University. Each student is an ambassador of NMIMS Deemed-to-be-University and should conduct in an appropriate manner at all times that is reflective of the code of conduct required by NMIMS and that of the overseas host institution.

22.8 Enclosures:

Undertaking to be given by student of NMIMS Deemed-to-be University's student going on International Immersion.

Note:

Schools to ensure that copy of Application Form compulsorily reaches Director- International Linkages department for records.

23. Safety Guide for Students on Floods, Fire and Earthquakes

NMIMS gives utmost importance to safety of its students. It prepares students for natural hazards.

The safety measures for some natural disasters such as 1) Floods, 2) Earthquakes and 3) Fire are highlighted briefly.

23.1 Floods:

Precautions to be taken in case of Floods are given in Table 1 below.

Before Floods	During Floods	After Floods
- Identify and visit elevated areas in and around the Institute as places of refuge during a flood - Be aware of drainage channels, and other low-lying areas known to flood suddenly. Consult and involve local authorities in the institutes - Check out for the monsoon alerts for the heavy rains declared by the Municipal Corporation of Greater Mumbai - Do not travel long distances on dates indicated as 'Monsoon Alerts'. Contact the Institute if there is any pre planned activity or examination or any other important work on that day and try to adjust it on some other day - Keep locally available equipment such as ropes, battery, radio, plastic bottles and cans handy	- Evacuate to previously identified elevated areas - Don't try to save valuables. Your life is most precious - Disconnect electrical appliances. - Turn off utilities at the main switches of valves if instructed to do so - Don't touch electrical equipment if you are wet or standing in water - Do not walk through moving water. Six inches of moving water can make you fall - If you have to walk in water, walk where the water is not moving - Use a stick to check the firmness of the ground in front of you - Avoid floodwaters; water may be contaminated by oil, gasoline, or raw sewage - Water may also be electrically charged from underground or downed power lines - Listen to the radio for advance information and advice. Don't spread rumors - Move vehicles to the highest ground nearby	- Stay away from downed power lines, and report them to Security Officer - Leave the Institute / home only when authorities indicate it is safe - Stay out of any building if it is surrounded by floodwaters - Use extreme caution when entering buildings; there may be hidden damage, particularly in foundations - Floors in the building will be slippery due to water and mud. Walk carefully on the slippery floor. - Wear appropriate footwear. Do not use slippers during rainy season - Watch out for loose flooring, holes and dislodged nails - Clean and disinfect everything that got wet - Discard any food items which may have got wet - Inform about the damaged drainage and sewage systems in and around

Before Floods	During Floods	After Floods
during rainy season. This can help you to plan your rescue • Prepare a food kit including emergency food items such as biscuits, snacks, drinking water and so on	• Do not enter floodwaters by foot if you can avoid it • Never wander around a flooded area • Drink clean water	the building to the authorities as soon as possible. These can be a major health hazard • First protect yourself and then help others.

23.2 Earthquake

Precautions to be taken in case of earthquakes are displayed in Table 2 below:

Before Earthquake	During Earthquake	After Earthquake
• In hostel or at home keep heavy objects on lower shelves so they will not fall on you during an earthquake. • Make sure your water heater and gas cylinder is secured and intact. This will ensure that it will not fall during an earthquake and hurt someone or start a fire. • Keep a torch and a mobile handy. • Keep the corridors in the hostel/house clear of furniture and other things, making movement easier.	If you are at home or inside a building • Do not rush to the doors or exits; never use the lifts; keep well away from windows, mirrors, chimneys and furniture. • Protect yourself by staying under the lintel of an inner door, in the corner of a room, under a table or even under a bed. If you are in the street • Walk towards an open place in a calm and composed manner. Do not run and do not wander round the streets. • Keep away from buildings, especially old, tall or detached buildings, electricity wires, slopes and walls, which are liable to collapse. If you are driving • Stop the vehicle away from buildings, walls, slopes, electricity wires and cables, and stay in the vehicle.	If you are at home or inside a building • Expect aftershocks. Be prepared. Stay where you are and do not come out immediately. • Keep calm, switch on the radio/TV and obey any instructions you hear on it after you come out • Turn off the water, gas and electricity • Do not smoke and do not light matches or use a cigarette lighter. Do not turn on switches. There may be gas leaks or short-circuits. • If there is a fire, try to put it out. If you cannot, call the fire brigade. • If possible then contact fire brigade immediately. • Immediately clean up any inflammable products that may have spilled (alcohol, paint, etc). • Avoid places where there are loose electric wires and do not touch any metal object in contact with them. • Do not drink water from open containers without having examined it and filtered it through a sieve, a filter or an ordinary clean cloth. • Eat something. You will feel better and more capable of helping others. • If the building is badly damaged, you will have to leave it. Collect water containers, food, and ordinary and special medicines (for persons with heart complaints, diabetes, etc.). • Help people who are injured. Provide them first aid. Do not move seriously injured people unless they are in danger. If you are outside • If you know that people have been buried, tell the rescue teams. Do not rush and do not worsen the situation of injured persons or your own situation. • Do not re-enter badly damaged buildings and do not go near damaged structures. • Do not walk around the streets to see what has happened. Keep clear of the streets to enable rescue vehicles to pass. • Keep away from beaches and low banks of rivers. Huge waves may sweep in. • Keep updating yourself with latest information on earthquake through radio or T. V.

23.3 Fire

Greater Mumbai is greatly diversified and practically has every type of fire risk. Precautions to be taken in case of fire are given in the Table 3 below:

Before Fire	During Fire	After Fire
- Identify the fire hazards and where fires might start, e.g. laboratories, store room, kitchen and other such places. - Identify all the exit routes of the Institute. - Check the adequacy of firefighting apparatus and its maintenance.	- Do not panic. Shout loudly for help. - Do not run. - Do not waste time in collecting valuables. - Inform the fire brigade about the fire and alert neighbors. - If possible, use fire extinguisher. - Do not take shelter in toilet. - Shut all the doors behind you while leaving the room to prevent fire from spreading everywhere. - Do not use the lift to escape. - Use nearest means of escape and the staircase available. - Make exit to ground level instead of the terrace. - Report about your safe escape and any other information to the University authorities, fire brigade or police present at the site. If trapped or stranded: - Stay close to the floor level. - Cover the gaps of the door by any piece of cloth available. - Do not jump out of the building. - Signal or shout for help. - Stop, drop and roll on the ground and cover with blanket; pour water on the body - Dial 101 or 22620 5301 for fire brigade - Give the fire officer detailed address, nature of the incident and the telephone number from which you are calling. Preferably, use landline. Keep down the receiver and wait at the same spot. Control Room will call back to verify the call. - Wait for the Fire Brigade to arrive and co-operate with the firefighters.	Don't re-enter or permit anyone to enter the building, unless the fire officials have given permission to enter.

24. University level: Anti- Ragging Committee / Women Grievance Redressal Cell / Internal Complaints Committee / University Student Grievance Redressal Cell / Ombudsman.

24.1 **Ragging:** Ragging of fellow students in any form is strictly prohibited inside and outside the campus. Any student/s found guilty of ragging and/or abetting ragging, whether actively or passively, or being a part of a conspiracy to promote ragging, is liable to be punished as per the rules. Ragging often ends up in sexual or physical harassment for the victim. The institute maintains a zero tolerance policy towards ragging. All issues in this regard will be dealt with utmost urgency and stringent action will be taken against those involved. To help students, Committees have been formed at School level and University level.

Part II

**Mukesh Patel School of Technology
Management & Engineering**

Message from Dean

Dear Student,

Welcome to the vibrant campus of the Mukesh Patel School of Technology, Management and Engineering, SVKM's Deemed to be NMIMS University. You are about to embark on an exciting journey which will see you achieving your dreams and ambitions at the end of it. We shall ensure that your experience surpasses your expectations and that, it is equally fulfilling and enjoyable.

This Student Resource Book (SRB) is your guide to the academic requirements, conduct rules and many activities that take place in and outside the classrooms. More importantly it specifies the standards we hold and what we expect of you in your conduct as a student of this University. The compilation of academic curricula is separately given (progressively) for each Program. This is subject to changes based on the review and revisions recommended by the Board of Studies and approved by the Academic Council from time to time.

It is the responsibility of all the students to get themselves familiarized with the rules and regulations of the Institute and University. The University / Institute reserves the right to amend the rules and regulations mentioned in the SRB without any prior notice. The decision of the University shall be final on all the matters. The SRB is for the purpose of providing information to you about the University and its programmes and is not a regulation book of the University. Hence, no claim can be made based on the information given in this book.

Dear student, this is the time in your life when you need to plan ahead and work diligently to get maximum benefit out of the various avenues available to you through our multidisciplinary and flexible curriculum. You could choose to get more specialization in your branch of study through our advanced elective tracks or follow your inclination and pursue an interdisciplinary minor certification. Available also are opportunities to do your internship in the industry or a foreign university, get into a MS programme through our MoU's with top universities abroad or pursue research in your field.

What is important is for you to judiciously plan the course of your career right from the first year. This is also the time for you to develop an all-round personality, make lasting friendships and enjoy this phase of your college life.

We wish you all the very best in your pursuit for happiness and a successful career.

With Best Regards,
Alka Mahajan

1. General Guidelines:

Apart from the Code of Conduct mentioned in Part I section 2.0, students should wear smart casuals. For girl students, off shoulder tops/spaghetti tops/crop tops/transparent dress/shorts are strictly not allowed.

2. Academic Guidelines:

School uses learning management system for smooth conduction of academic and administrative activities. Online Student Portal is available to get updates on the following:

- (i) Notices
- (ii) Daily Attendance
- (iii) Internal Continuous Assessment
- (iv) Examination
- (v) Teaching Scheme & Syllabus

Commented [WU3]: As per draft SRB approved academic calendar should be point number 1 in part II. Pl check

For more details, refer Part I, item 15.

Commented [WU4]: Check point number

Contact hours and credit details are as follows: - From Part I

Details	Credit	Equivalence in hrs. per week	Total Hours in 15 weeks of Semester
Class room teaching	1 credit	1 hour	15 hrs
Lab/presentation of work	1 credit	2 hours	30 hrs
Tutorial	1 credit	1 hour	15 hrs

Credits for Internship / In-Plant Training and Projects of MBA Tech., B. Tech. and B. Tech. Integrated programs are based on the stream

3. Re-Admission rules:

In continuation to the re-admission rules explained in Part I of this SRB.

A student can seek re-admission in the next academic year, in case he/she fails to fulfil the criteria mentioned under passing standards in SRB. For this purpose, he/she has to pay 25% of the total fees prevalent at that time for the programme. Student can take re-admission in the said year of the programme only once. He/she can take re-admission in different years as long as the total period of the program does not exceed the validity period of that programme. A student can take re-admission maximum two times but in different progressive years.

The maximum duration permissible for completion of the programme (in years) are mentioned in the table below:

Sr. No.	Name of the programme	Duration of the programme (in years)	Maximum duration permissible for completion the programme (in years)
1	B. Tech. Integrated	6	8
2	B. Tech.	4	6
3	MBA (Tech.)	5	7
4	M. Tech.	2	4
5	MCA	2	4

If a student takes re-admission in a particular academic year and is not promoted either as per passing standard of the respective program or any other reason as per academic rule, then the student will not be given second chance for re-admission. However, such a student can re-appear at the subsequent examination of the said year without keeping the terms (i.e. re-admission) by taking a drop and only appearing for the examinations.

5. Examination Guidelines (ICA / TEE, Passing Criteria, Grading system, method of calculation of CGPA, Re-Examination, exceptional cases – medical etc.)

A student would undergo Internal Continuous Assessment (ICA) for each course/subject in all the semesters. Various components of such continuous assessment would be as decided by the respective course/ subject faculty and approved by Dean /Director of the school concerned.

Break up for evaluation of each course will be as under:

Component	Marks
Mid Term Test / Project/Assignment/ Presentation/ Weekly Tests / Case Study/ Quizzes / any other (School)	50
Final term / semester-end examination (University)	50
Total	100

5.1 Semester-end-exam Passing Criteria for each Course:

- To pass in a particular subject in any of the semester end examination or semester end re-examination, student must secure a minimum of 40% marks of the total maximum marks of that subject, in the semester end examination.
- “F” Grade would be awarded, where marks obtained are less than 40% in aggregate or where the marks obtained in the semester end examination are less than 40% of the total maximum marks of the respective course.
- Students who obtain marks between 40 and 49.99 would be awarded ‘D’ grade (low pass). Please refer ‘Grading’ scheme as mentioned in point no. 8.
- For subjects, which have only Internal Continuous Assessment component, minimum passing requirement will be 40%.
- There is no provision for award of grace marks to any student.

5.2 Non – fulfilment of Passing Criteria

A student who has failed to fulfill the passing criteria as given above, will be required to appear for semester-end re-examination which will be conducted after declaration of results as per Academic Calendar. The internal marks will be carried forward for the re-examination. A student has to submit an online re-examination form. Such students who fail to submit the form will not be allowed to appear for the re-examination. A student who has failed to fulfill the passing criteria of Semester I courses after re-examination, will be allowed to attend the classes and appear at the examination/ re-examination of Semester II.

Remedial classes would be organized by the School for all the students who fail to fulfill the passing criteria as mentioned above, before the conduct of the re-examination. It is mandatory for such students to attend the remedial classes organized by the School. Student is expected to attend all the remedial classes of the subject he/she has failed. A student may be denied permission to appear at the re-examination in case it is observed that student concerned did not fulfill the attendance criteria of the remedial classes.

5.3 Progression to the subsequent year of the programme

A student will be promoted to the subsequent year of the programme as per permissible F / D grade (refer 6.9).

6. Promotion Rules and ATKT (Allowed To Keep Terms) : B. Tech. / B. Tech (Integrated) / MBA (Tech.)

General:

- 6.1 A student who has passed in all the subjects (as per the criteria laid down herein under) of Semester I and II examinations of the first academic year will be promoted to the second year of the concerned programme. A student who has passed in all the subjects of Semester III and IV examinations of the second year will be promoted to the third year of the concerned programme. A student who has passed in all the subjects of Semester V and VI examinations of the third year will be promoted to the fourth year of the concerned programme. Likewise, a student who has passed in all the subjects of Semester VII and VIII examinations of the fourth year will be promoted to the fifth year of the concerned programme (wherever applicable).
- 6.2 A student will be promoted to the subsequent year of the program even when he/she has equivalent of up to two 'F' grades (Two 'D's seen as equivalent to one 'F' grade), refer table section 6.9. The students who fails in Semester I examination will be "allowed to keep terms" (ATKT) and will be permitted to attend lectures and appear at Term-End examinations of Semester II. This means that students will be allowed to keep terms for both the semesters during the first academic year, irrespective of the number of failures in any number of subjects of the first semester of that academic year. This criterion will apply to the subsequent years also.
- 6.3 Such students will be allowed to appear at term-end re-examination in the F & D grade subjects. The internal assessment marks obtained by the students will be carried forward. Students are advised to keep a track of the examination / re-examination time tables.
- 6.4 **A student who is required to appear in the re-examination must pay the prescribed fees/charges for re-examination before commencement of the re-examination. A student who does not fill the re-examination form online and / or does not pay the requisite re-examination fee will not be allowed to appear at the reexamination. Students are advised to keep track of the 'Re-examination form submission window'. It is the sole responsibility of the students to fill in the re-examination form. No notice will be given by the University to the students for the same.**

- 6.5** A student who has equivalent of or upto two 'F' grades (Two 'D's seen as equivalent to one 'F' grade) in **B. Tech. (Integrated) / B.Tech. / MBATech** program in an academic year after the said re-examination will also be allowed to enter the next year of the program. Such students will be required to appear for examinations of **the F & D grade subjects** during the related Semester-end examinations / re-examinations along-with the regular students of next year.
- 6.6 ICA with TEE (TEE conducted by the School)** – The re-examination of such subjects will be held with the re-examination of the subjects conducted by University. The Examination will be held only for the TEE Component; however, the ICA marks will remain unchanged. If a student fails in re-examination (Refer passing criterion). He /she will have to take a re-admission or appear for the re-examination (Refer Item No 3. as mentioned above)
- 6.7** As regards admission to the third year, students must have passed in all the subjects of first year (As per progression rule). For admission to the fourth year, students must have passed in all the subjects of second year. Similarly, for admission to the fifth year, students must have passed in all the subjects of third year (wherever applicable).
- 6.8 Courses with only ICA component –**
If a student does not satisfy passing criteria there will be no re-examination, the student has to take re-admission in the next academic year. (Refer Item No 3. as mentioned above)
- 6.9** As regards admission to the third year, students must have passed in all the subjects of first year. For admission to the fourth year, students must have passed in all the subjects of second year. Similarly, for admission to the fifth year, students must have passed in all the subjects of third year (wherever applicable).

Refer the following table for different scenarios for better understanding:

Allowed Progression	Not Allowed Progression
2F,0D	3F, 0D
1F,2D	2F,>=1D
0F,1D	1F,>=3D
0F,2D	>=3F,>=1D
0F,3D	4F,0D
0F,4D	
1F,1D	
1F,0D	
0F,0D	

Promotion Rules: M. Tech. / MCA

- 6.10** A student will be promoted to the subsequent year of the programme only when he/she has no F grade and/or not more than 2 D grades in the year after re-examination.

A student who does not fulfill the promotion criteria as given above should take a re- admission in the next academic year. In this case, the student concerned will have to attend the classes in the subject in which he/ she has obtained 'F' and/ or 'D' grade, complete his internal assessments afresh and appear at the semester-end examination. Usual attendance norms need to be fulfilled by the student concerned.

- 6.11 ICA with TEE (TEE conducted by the School)**–If a student gets'D'(more than the permissible limit) / 'F' grade, after re-examination, he/she can take a re- admission in the next academic year. For details refer Item No. 3 as mentioned above.
- 6.12 Courses with only ICA component**–If a student does not satisfy passing criteria there will be no re-

examination, the student has to take re-admission in the next academic year. (Refer Item No 3. as mentioned above)

7. Attendance Rule:

In continuation to Point No 3.2.4, Students who are having attendance less than 80% in individual subject/s in a Semester and if the Dean of the respective School / Director of campus has not given exemption or even after giving 10 % exemption the (attendance is less than 80%), the student will not be permitted to appear at the semester end examination conducted for that semester and will have to take re-admission in the same Semester in the subsequent academic year by paying requisite fees on prorata basis as per the prevailing rules of NMIMS and complete all the requirements of the program. Such students will not be allowed to keep term of higher/further semesters and will be required to take re-admission in subsequent academic year.

8. Grading System:

- The University follows a letter grading system leading to the award of a four-point Grade Point Average (GPA) for each term and Cumulative Grade Point Average (CGPA) for all the terms until date.
- 'Letter grades' and corresponding 'grade points' are asunder:

Grade	Grade Points	Class interval of marks	
A+	4	100%	85%
A	3.75	84.99%	81%
A-	3.5	80.99%	77%
B+	3.25	76.99%	73%
B	3	72.99%	69%
B-	2.75	68.99%	65%
C+	2.5	64.99%	61%
C	2.25	60.99%	57%
C-	2	56.99%	50%
D	1.5	49.99%	40%
F	0	39%	0

8.1 Calculation of GPA (Grade Point Average):

Grade point Average for a term will be computed by dividing, the sum of product of grade point of each course/subjects and credit value assigned to each respective course by the sum of credits assigned to all the courses / subjects for the related term.

$$GPA = \frac{\sum C \times G}{\sum C}$$

Where,

C = Credit value assigned to a course /subject

G = Grade point value assigned to a student for course / subject corresponding to the letter grade (refer table given)

GPA = Grade point Average shall be calculated for individual term and referred to as Semester/ Trimester Grade Point Average.

8.2 Calculation of CGPA (Cumulative Grade Point Average):

Cumulative Grade Point Average *up to and including a term* will be computed by dividing the sum of product of grade point of each course / subject and credit value assigned to each respective course by the sum of credits assigned to all the courses / subjects up to and including the related term till date.

$$CGPA = \frac{\sum C \times G}{\sum C}$$

Where,

C = Credit value assigned to a course /subject

G = Grade point value assigned to a student for course / subject corresponding to the letter grade (refer table given)

If a student has failed to fulfil passing standard under any head in any subject (i.e. 'Semester/ trimester End Examination' and/ or 'aggregate'), he/ she shall be deemed to have failed in that subject.

9. General Examination Rules

- A student who remains absent from term / semester reexamination / s due to any reason in any subject shall be marked as 'AB' in the result / grade sheet / transcript for the subject / s in which he / she has remained absent. All such students will be allowed to appear at re-examination in the said subject. A student who remains absent in the re-examination would not be able to avail any further reexamination chance.
- In order to receive the degree, the student will have to pass in all the examinations of all the years
- Grievance Redressal : In case a student is not satisfied with the result / grade received by him in a particular subject, he/she may follow the 'Grievance Redressal Procedure' in case he/ she desires.
- The fees for re-examinations and re-admission will be decided by the University from time to time.
- In case of any disputes / differences, decision of the University shall be final and binding on the students. If a student desires to institute any legal proceedings against the University, such legal proceedings shall be instituted only in court at Mumbai in whose jurisdiction the application is submitted by the student and not in any other court.
- Modification in criteria/rules: On the recommendation of the Board of Studies of the MPSTME and the Board of Examinations, the Academic Council shall have the sole discretionary right to modify all or any of the above criteria at any time without prior notice.

These rules would be applicable to all the students who took admission / re-admission w.e.f. the academic year 2020- 2021.

9.1 The evaluations are conducted in a continuous manner and uniformly throughout the semester. For objective and comprehensive evaluation, NMIMS believes in multi-criteria, multi judge evaluation and multiple evaluation instruments. The course faculty conducts the Continuous Assessments and the details of evaluation instruments, their weightages and schedule are announced by the course faculty at the respective School.

9.2 The Common Semester End Examinations are conducted to evaluate students in terms of their

understanding of concepts, knowledge of tools and techniques and their application to the business situations. The knowledge of current events is tested through Internal Continuous Assessment and Semester-end examination in the form of analysis of current development.

- 9.3 Credits are based on number of hours per week e.g. 3 credits = 3 hrs. / per weeks of contacts.
- 9.4 Deviation, if any, from above mentioned evaluation schemes will be communicated separately.
- 9.5 For all the programs, the weightage for each component will be specified by the Faculty and will form an integral part of the course outline (as per specific requirement of school/programme). The Faculty has flexibility to formulate and implement evaluation system with weightage specified in course outline. While approving the courses, the HOD/Area-in-charge and the Dean/Directors/ Associate Dean will ensure that the evaluation components and weightage points assigned to each component are fair.
- 9.6 If the End Term examination is conducted by School, the re-examination will also be conducted by School.

10. Project / Internship / In-Plant Training Guidelines:

There shall be following opportunities of Industry Interaction for MBA (Tech) students:

- i. Technical Internship (TIP) for 8 weeks after Third Year
- ii. & Management Internship (MIP) of 19 weeks (May to 1st week of September) after Fourth Year.

10.1 MBA (Tech) Technical Internship Program (Training):

- a. Technical Internship will be for 8 weeks after III year.
- b. The objective of TIP is to provide an overview of the working of the Industries and the latest technology and practices followed in the field chosen by the student. The objective is also to provide an appreciation of the practical application of the theory learned in the class.
- c. MPSTME will assist the students in selecting the right industry in their field of specialization and arrange for an Industry mentor and faculty supervisor to help the student and monitor his progress.
- d. Before the start of training, the student should finalize the training schedule with the concerned Faculty Supervisor and the Industry Mentor. A copy of this schedule should be mailed to the office within one week of the start of the training. It should be duly signed by the faculty and the mentor.
- e. Students should maintain a notebook in which they should enter each day's activity/learning and other relevant information (at least one page per day). This log book should be made on daily basis and periodically (once a week) the Weekly Evaluation Proforma (as per format enclosed) with the signature of the company's mentor should be obtained.
- f. Students should observe strict discipline as per Industry's norm. They should obtain a training certificate indicating successful completion of the training and the actual period in which the training was taken.
- g. Students should provide the office with their contact email and mobile/phone numbers before the commencement of the training.
- h. Guideline for writing the training report and the template will be mailed to the email address provided (Item 6). The student will be responsible for ascertaining the dates for the exams from the office. They are therefore advised to keep in touch with the office at least once in a week from wherever they are working.
- i. The evaluation will be done based on a) marks for the Term Work – which will be jointly done by Faculty supervisor and the Industry Mentor. The log book (item 4) will be one of the basis for this. b) Marks for the Training Report c) marks for the Presentation made by the student in front of the interview panel & marks for the VIVA after the presentation. The allocation of marks will be decided in due course. The total marks shall be given out of 200 for the Industrial Training

10.2 MBA (Tech) Management Internship Program (Training):

The training shall be of 12 weeks duration commencing at the end of 8th Semester. The objective shall be to get an all- round exposure for students & enhance their skills in Industrial Project working with the thrust on Managerial content in their respective technology sectors. The training shall comprise of project work, which shall be in the area of the discipline in which the student is majoring in. Further, the project shall preferably have Technical & Management content. **(i.e. It shall be of a techno-managerial nature).** Projects could be multidisciplinary in nature. **Total Marks: 200**

10.3B. Tech Summer Training:

The students can undergo an optional training (self-organised, 4-6 weeks) during the Summer Vacation (May and June) after the completion of 2nd year (after semester IV examinations).

For B. tech. students Industrial training shall be compulsory in the 3rd year (after semester VI examinations) for the period of 4-6 weeks in May and June (Summer Vacation). The students shall inform the placement office in advance of their preference. The students may arrange the training through their own contact/s or request the placement office for the assistance. It is compulsory to submit the certificate and report on completion of the training. However, no grade / marks will be awarded. Students will be provided with certificate and recognition for outstanding performance, if any.

10.4 Class Projects:

- a) Various faculty members announce Class Projects as a part of the learning process for that subject.
- b) These Class Projects are usually undertaken in groups or individually.
- c) Evaluation criteria and weightages are assigned by the faculty concerned.
- d) These Class Projects are a vital part of the learning inputs during your stay at NMIMS. Do engage with these projects with a serious learning intent.

10.5 Inplant Training:

Inplant Training is an integral part of the B. Tech Integrated Program. For the Batch of 2015-21 & 2016-22 the students have to undergo the Inplant Training in 6th year Semester XI & Semester XII. From the batch of 2017-23 onwards the students have to undergo Inplant Training in the 4th year Semester VIII and 6th year Semester XI of the program. Through the Inplant Training the students get exposure to the industry which helps to put the lessons learnt in the classroom to practice. Each Inplant Training that spans across the entire semester is of 18 weeks' duration.

As an Inplant Trainee in Semester VIII, the students are expected to get well versed with the industry norms, protocol and practices. Students should obtain practical experience via study projects and basic implementation of technology as per work allocation by the industry. The exposure to basic practical hands on tasks will help to take up advanced level industry exposure during In-plant Training in Semester XI of the program.

The In-plant Training in the 6th year Semester XI will ensure the students obtain practical experience by working on latest technology, thereby enhancing his/her technical skills making him industry ready. The college will assist the students in selecting the most appropriate industry in their field of specialization during both the Inplant Training Semesters.

Every student will have an industry mentor and a faculty mentor who will guide and monitor his/her progress.

The student is expected to report the industry mentor on a daily basis and submit the progress report to the faculty mentor on a fortnightly basis. In addition to this the student has to appear for the term end final presentation/ viva and submit the final report both in hard and soft copy as per the format shared.

The template for joining report, fortnightly progress report, final report and final presentation will be shared with the student at the start of the semester.

11. Technical Assistantships / Teaching Assistantship

- A limited number of technical assistantships from time to time may be available for all students of M.Tech.
- There will be a notice from concerned faculty inviting applications from students to assist them in doing a research project for a stipulated period.
- Students will be selected by the faculty under whom they wish to work.

Mukesh Patel School of Technology Management & Engineering

Vision:

Play a distinct role in providing excellence in engineering and technology management education thereby creating human resources of value to industry and society both at national and international level.

Mission:

1. Formulate relevant curriculum through strong industry linkages and interaction.
2. Ensure quality of education through pedagogical innovations
3. Undertake and promote relevant research
4. Ensure multifaceted development of students, faculty and staff through continuous introspection and inputs.
5. Set up the international linkages with Institutes /industry of repute

Information Technology Department

Vision:

Department of IT will impart quality education and conduct research relevant to needs of the national and international community which will help to improve quality of human life.

Mission:

To prepare human resource with technical and management skills to meet the contemporary Information Technology demands of the industry and society at large by delivering relevant curriculum, using the state of the art pedagogical innovations, and undertake relevant research.

Programme Educational Objectives (PEO)

Program Educational Objectives (PEOs):

- A. **Technical Growth** - Graduates will be successful in modern engineering practice and entrepreneurship, integrate into the local and global workforce, and contribute to the economy of India.
- B. **Professional Skills** – Graduates will continue to acquire and demonstrate the professional skills necessary to be competent employees, assume leadership roles, and enjoy career success and satisfaction.
- C. **Professional Attitude and Citizenship**-Graduates will become productive citizens demonstrating high ethical and professional standards, make sound engineering or managerial decisions, and have enthusiasm for the profession and professional growth.

Student Outcomes (SOs):

Graduates of the B Tech. in Information Technology program will have an ability to:

1. Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. Communicate effectively in a variety of professional contexts.

4. Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.

In addition to outcomes 1 through 5, graduates of the Information Technology program will also have an ability to: Identify and analyze user needs and to take them into account in the selection, creation, integration, evaluation, and administration of computing-based systems.

Computer Engineering Department

Vision:

Play a significant role in creating Computer Engineering Graduates with sound technical and managerial skills of value to industry and society both at national and international level.

Mission:

1. The Computer Engineering Department endeavors for excellence in creating, applying and imparting knowledge in computer engineering through comprehensive curriculum and innovative teaching-learning process.
2. Provide a sound technical and managerial foundation & multifaceted development that prepares student to excel in higher education, research or technical/managerial profession that can adapt to rapidly changing technology in computer engineering.

Programme Educational Objectives (PEO)

Program Educational Objectives (PEOs):

- A. **Technical Growth** - Graduates will be successful in modern engineering practice and entrepreneurship, integrate into the local and global workforce, and contribute to the economy of India.
- B. **Professional Skills**-Graduates will continue to acquire and demonstrate the professional skills necessary to be competent employees, assume leadership roles, and enjoy career success and satisfaction.
- C. **Professional Attitude and Citizenship**-Graduates will become productive citizens demonstrating high ethical and professional standards, make sound engineering or managerial decisions, and have enthusiasm for the profession and professional growth.

Student Outcomes (SOs):

Graduates of the B.Tech. in Computer Engineering program will have an ability to:

1. Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

Electronics and Telecommunication Department

Vision:

To build a strong teaching and research environment that caters to the needs of fast growing telecommunication domain.

Mission:

1. Provide internationally recognized leaders in Electronics and Telecommunication, through a continuously improving educational program incorporating applied engineering aspects.
2. Create the knowledge of fundamental principles and innovative technologies through research in the area of Electronics and Telecommunication and hence teach the students the necessary research skills which satisfy the needs of growing economy.

Program Educational Objectives (PEOs):

Program Educational Objectives (PEOs):

7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

Civil Engineering Department

Vision:

Create competent Civil Engineering professionals and employable individuals with sound technical and management credentials to take part in state-of-the-art infrastructural development with global ensign for the benefit of the society.

Mission:

1. Provide quality education in conformity with advancements in technology and management
2. Encourage relevant research, development and entrepreneurship qualities in students, faculty and staff through teamwork with learning.
3. Develop strong industry linkage to ascertain and resolve the socio-economic problems related to Civil Engineering, with due consideration to safety and economy in ethical manner.

Program Educational Objectives (PEOs):

- A. **Technical Growth** - Graduates will be successful in modern engineering practice and entrepreneurship, integrate into the local and global workforce, and contribute to the economy of India.
- B. **Professional Skills** – Graduates will continue to acquire and demonstrate the professional skills necessary to be competent employees, assume leadership roles, and enjoy career success and satisfaction.

6. Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

Mechanical Engineering Department

Vision:

To be center of excellence in Mechanical Engineering for education and research to create competent Mechanical Engineering graduates who can be employable in the industries and be part of innovation, research, problem solving and entrepreneurship to help mankind in particular and society in general.

Mission:

1. To impart quality education in the field of Mechanical Engineering to the students.
2. To provide state of the art facilities to the students to enable them to learn, understand and apply fundamentals of Mechanical Engineering in solving engineering problems.
3. Developing relevant curriculum of studies which will cater to the needs of industry and society.
4. Promotion of team culture amongst students, faculties and staff to create conducive environment for better interaction with industries and collaborative research and development activities.

Program Educational Objectives (PEOs):

- A. **Technical Growth** - Graduates will be successful in modern engineering practice and entrepreneurship, integrate into the local and global workforce, and contribute to the economy of India.
- B. **Professional Skills** - Graduates will continue to acquire and demonstrate the professional skills necessary to be competent employees, assume leadership roles, and enjoy career success and satisfaction.

6. Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

Mechatronics Engineering Department

Vision:

To be one of the leading Mechatronics engineering program by providing high quality education to our students through extensive industrial research enabling them to use modern automation technologies to develop innovative solutions.

Mission:

1. To offer multidisciplinary program that is the synergistic integration of electrical and electronics engineering, mechanical engineering, and computational hardware and software in the design of products and processes into the emerging field of mechatronics.
2. Program is designed to serve not only traditional students, but also full-time employees of automation and manufacturing industries.

Programme Educational Objectives (PEO)

The B. Tech (Mechatronics Engineering) graduates will:

PEO1: Apply mechanical engineering and electrical engineering knowledge and skills to problems and challenges in the areas of mechatronic engineering.

PEO2: Integrate and use systems or devices incorporating modern microelectronics, information technologies and Modern engineering tools for product design, development and manufacturing and demonstrate professional interaction, communicate effectively with team members and work effectively on multi-disciplinary teams to achieve design and project objectives.

PEO3: Engage in lifelong learning in their profession and practice professional and ethical responsibility.

Student Outcomes (SOs):

Graduates of the B Tech. in Mechatronics Engineering program will have an ability to:

1. Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

Chemical Engineering Department

Vision:

Catalyse the growth of Chemical Engineering professionals by quality Education and Research for sustainable development of Industry and Society.

Mission:

1. To endeavour to groom competent & versatile techno-managers through well planned curricula and innovative teaching learning process.
2. To impart knowledge and skills for sustainable management of various aspects of chemical Plants, products and services. Various aspects imply design, development, marketing, operations, and maintenance of chemical industry.
3. To provide knowledge of basic, core and applied subjects which help students in career enhancement.

Programme Educational Objectives (PEO)

- PEO1: The program will establish the graduates as creative, competent Chemical Engineering professionals with ability to harness emerging technologies in various facets like process, design and project management.
- PEO2: The graduates will utilize the knowledge and best practices of Chemical Engineering to contribute effectively and responsibly in solving real world problems
- PEO3: Our graduates are expected to work for implementation of new technologies for the benefit of mankind in general, economy, society & environment in particular
- PEO4: The program will enhance a student's career development path and give him opportunities in senior management roles in corporate world.
- PEO5: Students can also choose to become entrepreneurs in their chosen field of technology and innovation.
- PEO6: Students can work in the role of consultants to traditional business managers in the area of technology management.

Technology Management Department

Vision:

“Nurturing Young Minds to help them transform in to Leaders who can leverage appropriate Technology for Business goals.”

Mission:

To develop the student as a multi-skilled person who will be able to solve real world problems holistically through:

1. A balance of appropriate Technology and Management inputs,
2. Substantial exposure to Industry & corporate work culture via twin Industry Internships in Technical and Management domains.
3. Imparting value based business practices by a mix of Academic and Industry experienced faculty.
4. Innovative and entrepreneurial mindset

Program Objectives of MBA (Tech.):

1. The Program aims to create Business Leaders who can leverage appropriate technology for Business excellence in the company they serve or for their entrepreneurial venture, displaying ethical and socially responsible behavior.
2. Student will develop the ability to harness emerging Technologies in their chosen field of Engineering (IT/ Computer/ Electronics and Telecommunication/Mechanical/ Chemical and Civil) and integrate with specialized knowledge of finance, marketing, operations and Business Analytics.

Program Educational Objectives:

- PEO1: Communicates effectively through formal and informal channels
- PEO2: Displays contemporary and insightful knowledge in various functional areas of Engineering and Management and leverage it to achieve business excellence
- PEO3: Analyses issues from multiple perspectives, asks insightful questions and assimilates information well
- PEO4: Acts as a leader and role model for ethical, professional, and social behaviour and understands the societal implications of managerial and technical decisions
- PEO5: Works effectively in a multi-functional team environment
- PEO6: Has ability to take risks, think out of the box and be entrepreneurial
- PEO7: Ability to create new knowledge through Research & Design and become lifelong learner

Data Science Department

Vision:

Play a distinct role in providing excellence in Data Science, Artificial Intelligence, machine Learning and Management fundamentals and concepts, thereby creating human resources of value to industry and society both at national and international level.

Mission:

1. To prepare human resource in the areas of technical, management with strong problem solving skills to meet the contemporary Business Analytics demands of the industry and society at large by delivering relevant curriculum, using the state of the art pedagogical innovations developed by strong industry linkages, and undertake relevant research and consultancy.
2. Ensure multifaceted development of students, faculty and staff through continuous introspection and inputs.
3. Set up the international linkages with Institutes/industry of repute.

Program Educational Objectives (PEOs):

- A. The Program Educational Objectives of the B. Tech (Data Science), M. Tech Data Science (Business Analytics) and M. Tech Artificial Intelligence Programs are to produce graduates and post graduates with the followings objectives:
- Establish themselves as Data Scientists in, Artificial Intelligence and Machine Learning experts in various private and public sectors that are involved in the design, creation, maintenance and use of industrial and organization data and help nation building.
 - Solve real world problems by applying knowledge ethically that will benefit organizations and society at large.
 - Adapt to changing trends in Data Science, Business Analytics, Artificial Intelligence and Machine Learning and become lifelong learners.

Student Outcomes (SOs):

1. Who will enable students to be skilled to solve industry problem. Contemporary Industry demands of Data Science, Artificial Intelligence and Machine Learnings professionals who are skilled to shoulder industries data related issues (starting from storage, analysis, modelling, implementation, management addressing exponential growth of data) and solutions, enhancing industry's' better decision making. The solutions created should make appropriate use of latest, dynamic and efficient technologies.
2. Who will ensure that students use and apply knowledge in an ethical manner? They should create solutions which addresses the need of organizations. Also, they should create solutions which help solve problems and thus create a positive impact on industries and society.
3. Who will ensure that the students keep themselves abreast of the latest technological advances? Students would be able to pursue their area of specialization through higher studies, on-job training or through self-learning. This will help them build solutions using apt newer emerging algorithm and technology related to Data Science, Artificial Intelligence and Machine Learning, and also help them conduct research in the field and even create technology in future.

B.Tech (Mechanical Engineering) Course Structure 2020-2024

First Year (Common for all branches)

Second Year	
Semester – III	Semester - IV
Mathematics – III	Numerical & Statistical Methods
Engineering Mechanics	Strength of Materials
Materials Engineering	Fluid Mechanics
Machine Drawing	Thermal Engineering
Engineering Thermodynamics	Manufacturing Processes - I
Presentation and Communication Techniques	Machine Shop - I
Environmental Studies	Principles of Economics and Management
	Numerical & Statistical Methods
Third Year	
Semester V	Semester VI
Elements of Biology	Heat Transfer
Design of Machine Elements - I	Theory of Machines - II
Mechanical Measurements and Metrology	CAD/CAM/CIM
Theory of Machines – I	Design of Machine Elements - II
Manufacturing Processes – II	Professional Ethics and Legal Aspects
Machine Shop – II	Essence of Indian Traditional Knowledge
Management Accounting for Engineers	Department Elective I (Choose any one) ✓ Advanced Manufacturing Processes ✓ Sustainable Energy Systems ✓ Composite Materials ✓ Manufacturing Management ✓ Product Design and Development
Fourth year	
Semester VII	Semester VIII
Finite Element Analysis	Industrial Engineering
Project – I	Project - II
Department Elective II (Choose any one) ✓ Fluid Machinery ✓ Mechatronic Systems Design ✓ Additive Manufacturing ✓ Dynamic Systems Modeling and Analysis ✓ Refrigeration and Air Conditioning ✓ Vibration Engineering	Department Elective IV (Choose any one) ✓ Robotics ✓ Smart Materials ✓ I C Engines ✓ Computational Fluid Dynamics ✓ Supply Chain Management ✓ Industry 4.0 ✓ Design of Mechanical Systems
Department Elective III(Choose any one) ✓ Project Management ✓ Nanotechnology ✓ Total Quality Management	Open Elective II(Choose any one) ✓ Elements of Project Management ✓ Product Life Cycle Management ✓ Quality Control

✓ Electric and Hybrid Automotive Technology ✓ Operations Research ✓ Automatic Control	✓ 3-D Printing Technology
Open Elective I (Choose any one) ✓ Manufacturing Engineering ✓ Production Management ✓ Logistics & Supply Chain Management ✓ Renewable Energy Sources	

B.Tech. (Mechatronics Engineering) Course Structure: 2020-24

First Year (Common for all branches)

Second Year	
Semester – III	Semester - IV
Mathematics –III	Mathematics - IV
Presentation and Communication Techniques	Principles of Economics and Management
Digital Electronics	Control Systems
Engineering Mechanics	Microprocessor and Microcontroller
Manufacturing Processes	Principles of Communication Engineering
Analog Devices and Circuits	Strength of Materials
	Environmental Studies
Third Year	
Semester V	Semester VI
Elements of Biology	PLC and Data Acquisition
Theory of Machines	Mechanical Measurements and Instrumentation
Industrial Electronics and Drives	Professional Ethics and Legal Aspects
Essence of Indian Traditional Knowledge	Research Methodology
Management Accounting for Engineers	Professional Elective Course - 3 (Choose any one) ✓ CAD/CAM/CIM ✓ Modeling and Simulation ✓ Dynamic System Modeling and Analysis
Electro-Mechanical Workshop	Professional Elective Course – 4 (Choose any one) ✓ Automobile Engineering ✓ Design of Machine Elements ✓ Additive Manufacturing
Professional Elective Course – 1 (Choose any one) ✓ Thermodynamics and Heat Transfer ✓ Materials Engineering ✓ Fluid Mechanics & Machinery	
Professional Elective Course – 2 (Choose any one) ✓ Industrial Data Communication ✓ Python programming ✓ Signals and Systems	

Fourth year	
Semester VII	Semester VIII
Mechatronics System Design	Robotics System Design
Project Phase-I	Project Phase-II
Technical Internship Programme (Min. 6 weeks in vacation)	Professional Elective Course – 7 (Choose any one) ✓ Virtual Instrumentation ✓ Advanced Microcontroller and Embedded Systems ✓ Artificial Intelligence and Machine Learning ✓ Bio-Mimicry
Professional Elective Course – 5 (Choose any one) ✓ Digital Signal & Image Processing ✓ Microelectromechanical Systems ✓ Automotive Electronics	Open Elective Course – 2 ✓ Elements of Automation
Professional Elective Course – 6 (Choose any one) ✓ Industrial Engineering and Quality Management ✓ Fluid Power Automation ✓ Product Design and Development	
Open Elective Course – 1 (Choose any one) ✓ Industrial Robotics and Control ✓ Human Machine Interface & Data Acquisition	

B. Tech Data Science Course Structure 2020-24

First Year (Common for all branches)

Second Year	
Semester – III	Semester - IV
Data Gathering and Cleaning - ETL process	Advanced Database Management System
Data Structure and Algorithm	Operations Research
Database Management System	Cyber Security
Applied Mathematics - III	Operating Systems
Business Visualization	Internet of Things
Environmental Studies	Statistical Method - I
Managing Uncertainty	Computer Organization and Architecture
Third Year	
Semester V	Semester VI
Business Economics	Big Data
Artificial Intelligence	Deep Learning
Machine Learning	Computer Vision
Image and Signal Processing	Predictive Modelling
Applied Mathematics – IV	Natural Language Processing
Data Science Ethics	Financial Institution and Market
Research Methodology	Marketing Management
Statistical Method – II	
Fourth year	
Semester VII	Semester VIII*
Internship / Project	Block Chain
	Simulation Modeling
	Capstone project
	Elective – I (Choose any one)
	✓ Financial Engineering and Risk Management
	✓ Marketing Analytics
	✓ Operation and Supply Chain Analytics
	✓ Human Resource Analytics
	Elective – II (Choose any one)
	✓ Advance Big Data -Graph Analytics
