Event Report – LinkedIn Workshop

Date : 19th February,2019

LinkedIn Workshop by Students' Council's Colloquium. This workshop was brought to the students by us for the only reason that a stunning LinkedIn Profile is a huge way to get recognized and grow your network into the corporate world and also to get hired in an apt manner. LinkedIn is one of the most trusted platforms for people to connect professionally and also gather information of vacancies in companies across the globe. In Partnership with IIDE Colloquium hosted this Workshop and the crowd outnumbered the Seminar Hall's full capacity.

Every single Attendee left the room with immense knowledge as to how to present themselves on LinkedIn.
