

HACK-N-CODE 3.0

IET MPSTME On CAMPUS

About the Event:

HACK-N-CODE 3.0 was hosted by IET MPSTME On Campus in collaboration with TAQNEEQ 12.0, the tech fest of MPSTME powered by **HackerEarth** and **Microsoft Student Partners** on 13th October, 2019 from 8 am to 8 pm in SBM NMIMS. It was a very good experience for the students to mark their excellency through coding. Around 140 students from all over Maharashtra participated in the contest. Participants showed their skills for the real-life problems which enhanced their learning for the actual application of coding.

This was one more great flagship event of **IET MPSTME On Campus**. The organizing committee worked with dedication and put every possible effort to make the event successful. Hack-n-Code 3.0 was a 12 hours' Speed Hackathon in which One Problem Statement was given to the participants by **Capgemini**. The problem statement was formulated on the basis of 5 different themes that were- General, ML/DL, Computer Vision, Augmented Reality, Blockchain; and the students had to solve the problem by coding.

Within a time span of 12 hours, participants had to solve the problem statement by coding and develop the best possible solution with accessible programming implements. Instructions were given to the participants and then the participants started coding with great zeal and enthusiasm. Many students participated the hackathon for the first time hoping for a beautiful experience while the others who had already participated were excited to enhance their creativities to discover the solution. Participants were also provided delicious lunch and snacks for their refreshment.

The faculties and mentors were present all the time to instruct the participants and ensured about their queries. With the guidance of teachers, efforts of the OC, and cooperation of participants, the event was booming.

Faculty:

- *Prof. Supriya Agarwal*
- *Prof. Prathamesh Churi*
- *Prof. Archana Lakhe*

Participants:

There were total 132 participants who registered for the HACK-N-CODE 3.0. And 82 participants attended the event.

HACK N CODE 3.0 was attended by students from many reputed engineering colleges of and around Mumbai. And there were participants even from Hyderabad. This shows the prominence of the event among the students. The certificates of the event, have a great impact on the CV. A majority of participants showed interest in participating more such events and their feedbacks are really valuable.

Date/Time/Venue:

Hack-n-Code 3.0 was organised on 13th October,2019 from 8 am to 8 pm, in room numbers 401, 402, and 403 at the School of Business Management (SBM), NMIMS University.

Glimpses of the Event:
