A Wonderful Serenity
MPSTME Alumni Association is responsible for facilitating the student-alumni interactions and aims for the development of future and past alumni.

Our goal is to foster an environment that enables the exchange of academic and corporate experiences and instill a sense of pride amongst not just the alumni but also the current students.

We have our own app called MPSTME Alumni which has over 5000 users and is available on the Google Play Store and Apple App Store.

Our flagship event is the Reminiscence which is the official reunion of our college. For the last Reminiscence had standup comedian Angad Singh Ranyal perform for our alumni.

Research is critical to a student’s productivity and competitiveness. From wireless communications to robotics, biomedical engineering and sustainable energy.

When time is on its course to change, there are those who watch and there are those who act.

Our goal is not just to do research but to promote it as well.

We will provide guidance, direction and a stage to present your ideas and help you convert them into reality.
