

# PLACEMENT REPORT

---

**MBA (Tech)**

Batch 2019

## The Essence of MBA (Tech.)

NMIMS has always thrived to define the new era as an amalgamation of Technology and Management. MBA (Tech.) programme at MPSTME has understood the current dynamics of business of the 21st century and linked it successfully to develop and help students link the technology know-how to management concepts which has benefitted them to perform efficiently and effectively.

This course has not only linked technology and management, but is preparing students to head for the future through INNOVATION, CREATIVITY and encouraging ENTREPRENEURSHIP.

## Corporate Speak

### Hewlett Packard

*"Excellent set of MBA (Tech.) Students. Appreciate their Technical abilities and Market awareness. The Students are fit for Future Roles which includes Complexities of Technology and Marketing."*

### Mahindra

*"Students of MPSTME- MBA (Tech.) have good clarity in ideas and concepts. We personally found them to be innovative. The college culture seems to be good and helps them in grooming. All the very Best !"*

### LG Electronics

*"MBA (Tech.) candidates are extremely good. They are very flexible and match our requirements perfectly. Also the Team taking care of Placements is well organized, planned and structured."*

### Nielsen

*"MBA (Tech.) students are good in terms of perspective and attitude. Considering they are Fresher's, they have a broad outlook and we look forward to come again next year. Thank You for the Hospitality extended."*

## Dean's Message

Mukesh Patel School of Technology Management & Engineering is founded on the principles of imparting quality education to students and grooming them to be practitioners of what they are taught. The evolution of the School as an institution of prominence in the country today is primarily due to the strong industry participation in all strategic and decision making processes further strengthening the high academic standards that SVKM and Narsee Monjee Institute of Management Studies have set. The teaching-learning processes are kept abreast with the latest technological know-how and industry practices apart from aligning with pedagogical processes of the best of the institutions across the world.

The School has a firm focus on providing opportunities for its students through methods that not only include experiential learning and education technology tools in the classrooms but also in shaping their careers as future citizens of the world contributing on global stage for several decades. We invite the industry to provide the students of MPSTME an opening to begin their careers with you so that they will accelerate towards the individual and organisational progress in their chosen professions in future.

I would like to thank all the recruiters – new and loyal – for their continued patronage to campus engagements and placements. I am sure our students would contribute immensely to their organisations and make MPSTME proud.

Dr. N.T Rao

Dean, MPSTME
