

**DRIVING BUSINESS
THROUGH TECHNOLOGY**

MBA Tech

Placement | Batch of 2026

The background of the entire page is a composite image. It features a hand holding a magnifying glass over a document. Overlaid on this are various digital and futuristic elements: concentric circles, dashed lines, dots, and a grid pattern. The color palette is dominated by teal, blue, and white, with some red and green accents. The overall theme is technology, education, and innovation.

Vision

NMIMS will define the 21st Century Technological, Management and Organizational Research, and educate with a view to impact global developments and cadre of employable individuals.

Mission

Belief NMIMS mission is to provide to the nation, good quality trained human resources who are socially sensitive, have inquisitive minds and the persistence to change their own and the organization's lives, and contribute to making India a knowledge superior power and the world a better place to live. This we seek to achieve through educational excellence, innovative and relevant research, promoting social equality and an outreach program to ensure global access of our learning resources to all students and faculty.

Belief

We believe that learning is more fruitful, when knowledge expertise of individuals from various disciplines diverse backgrounds are shared. As this provides cutting edge to professional education, we encourage such diversity, which is reflected in the composition of the student body of the university. We also believe that innovation is the key to progress in the modern world, so in pursuit of excellence, we constantly upgrade add newer areas of education research to make our programs more relevant to the stakeholders. Most importantly, we believe that openness, participation fairness are necessary for building a culture conducive to learning growth.

About SVKM's NMIMS

An Unparalleled Legacy

Founded in 1981 by Shri Vile Parle Kelavani Mandal (SVKM), NMIMS has grown into a globally reputed university, addressing the demand for management education in India.

Evolution and Growth

Now a Deemed-to-be University, NMIMS offers diverse disciplines across campuses, hosting over 29,000 students and 1,550+ faculty members nationwide. Its academic quality, research focus, and industry linkages make it a premier educational institution.

Holistic Approach

NMIMS aligns with global standards through innovative programs, curriculum development, international partnerships, and robust placement initiatives, blending academics, research, and industry exposure.

Diversity and Innovation

With a commitment to diversity and innovation, NMIMS fosters collaboration across disciplines and backgrounds, constantly upgrading programs to remain relevant while nurturing a culture of openness and growth.

Creating Future Leaders

NMIMS empowers students with knowledge, values, and opportunities to reach their potential, fostering inquiry, leadership, and responsibility to drive societal change.

About MPSTME

MPSTME was conceptualized by NMIMS Management as a Unique Technology and Management school essentially integrating technical knowledge with innovative management practices to ensure that the knowledge thus disseminated will produce students that can be game changers in terms of building a sustainable and holistic society. The idea was to ensure that education should not be understood as merely an instrument to build knowledge, but it must also play a pivotal role in creating a better and more humane society. This idea remains germane to the MPSTME philosophy till date and each new integration into the curriculum, technology or research remains well aligned with this very philosophy. MPSTME was essentially established to serve the need of creating an innovative and integrated space for technology education interspersed with sound management practices that converged with changing industry as well as societal needs. The vision was to match the emerging demands in the field by creating holistically trained engineers possessing sound technical expertise as well as a vision to integrate their knowledge into creating technology that serves the changing needs of present world. MPSTME building today, with its state-of-the-art labs and world class infrastructure stands a live testimony to the steady realization of this vision.

Vision

Play a distinct role in providing excellence in engineering and management education thereby creating human resources of value to industry and society both at national and international level.

Mission

- Formulate relevant curriculum through strong industry linkages and interaction
- Ensure quality of education through pedagogical innovations
- Undertake and promote relevant research
- Ensure multifaceted development of students, faculty and staff through continuous introspection and inputs
- Set up the international linkages with Institutes / industry of repute

The MBA Tech Program

The MBA Tech curriculum covers engineering courses in selected disciplines and the management courses relevant to that technology area. It is an integration of technology and management with the higher proportions of technological inputs in the initial stages and moving towards Technology Management in the later stages of the course. SVKMs NMIMS has a reputation of producing the brightest students. In line with this legacy, the faculty members for MPSTMEs programmes are characterized by high levels of learnedness and orientation towards research. They work hard to extract excellence from the students.

Vision

Nurturing Leaders who can leverage appropriate Technology for Business goals.

Mission

To become the most preferred institution proving a blend of Engineering, Technology and Management learnings, through

- Continuously evolving curriculum to meet the diverse and distinct global market needs
- Proficient faculty with a blend of industry experience and academic expertise
- State-of-the-art infrastructure international linkages with institutes and industries of repute
- Core values of Innovation, Entrepreneurship, Initiative, Collaboration, Excellence and Relationships

The Dean's Desk

Dr. Koteswara Rao Anne

“Welcome to NMIMS MPSTME's MBA Tech program. This placement brochure highlights how our program prepares you for a successful career at the intersection of technology and management. Our MBA Tech program combines advanced business management education with cutting-edge technological training, positioning you for success in today's dynamic job market. Our dedicated placement cell ensures strong placement outcomes, with graduates securing roles at leading global companies and tech firms.

We offer comprehensive career support, including personalized counselling, resume building, interview preparation, and networking opportunities, to help you achieve your career goals. Strong ties with top companies provide access to internships, live projects, and placement drives, enhancing your career prospects. Gain international exposure through global partnerships and exchange programs, broadening your professional network.

Our alumni excel in leadership roles and entrepreneurial ventures worldwide, reflecting the programs impact and quality.

We are excited to support your journey and help you achieve your career aspirations.”

HOD - Technology Management

Dr. Geetha Iyer

It gives me immense pleasure to present to you the bright and dynamic students of the MBA (Tech) program. This unique five-year integrated program, offered by the Mukesh Patel School of Technology Management & Engineering (MSTME), NMIMS is a fine blend of engineering and management education, meticulously designed to create future-ready technomanagers. In today's rapidly evolving business landscape, organizations are increasingly looking for professionals who not only understand the intricacies of technology but can also align it with strategic business goals.

The MBA Tech curriculum is structured to equip students with a strong technical foundation in their chosen engineering specialization along with advanced managerial acumen. This dual competency enables them to seamlessly bridge the gap between technology and business, and contribute effectively from day one. Our students undergo rigorous academic training, complemented by hands-on industry exposure through internships, live projects, certifications, and value-added workshops. The emphasis on innovation, analytics, digital transformation, and entrepreneurial thinking ensures that our graduates are well-prepared for a wide range of roles in consulting, analytics, product management, IT strategy, operations, and more.

As Head of the Department, I take pride in the holistic development of our students, not just as professionals, but as responsible and ethical individuals. We look forward to building meaningful and long-term associations with your esteemed organization.

Ms. Aparna Mahesh

Joint Director - Placements

At NMIMS MPSTME, we have always been at the forefront of innovation in Technology Management education. Our integrated approach ensures that the curriculum remains dynamic and aligned with the evolving needs of the industry. We place strong emphasis on experiential learning and on nurturing essential skills such as problem-solving, communication, and leadership, critical for today's business and technological landscape.

Our academic framework is further enhanced through active industry collaborations, guest sessions, and live projects that expose students to real-time business challenges. The curriculum is co-designed with insights from top professionals to ensure relevance and immediate applicability.

Our MBA Tech students represent a highly competent and motivated talent pool. Consistently rated highly by our esteemed recruiters, they bring with them a blend of technical acumen and business understanding that adds significant value to organizations. Year after year, recruiters have appreciated our student's readiness, professionalism, and performance. We extend continuous support to our students through structured placement guidance and encourage holistic development via student-led clubs and initiatives. These platforms help them build real-world competencies and showcase their potential throughout the year.

As we open the Campus Recruitment Drive for Placement Season 2025 - 2026, we invite you to explore the talent at NMIMS MPSTME, Mumbai, for both full-time roles and internships. Whether through virtual or on-campus recruitment processes, we are fully equipped with the necessary infrastructure and a transparent placement system to ensure seamless and effective hiring. We have the required infrastructure to conduct parallel placement sessions, pre-placement talks, inter B-school competitions, and other campus engagement activities to facilitate efficient recruitment operations. We look forward to welcoming your organization and fostering a mutually beneficial association. For any support or to begin your engagement with us, our Placement Cell will be happy to assist you at every step.

Welcome to Placement Season 2025 - 2026.

Beyond the Classroom

Showcasing Skills and Spirit

The Co-Curricular activities at MPSTME offered students a vibrant platform to explore their talents and skills beyond academics. Highlights included the CyberCypher Presentation held in the classrooms, showcasing students' expertise in cybersecurity, and an AR/VR event where participants engaged with cutting-edge virtual and augmented reality technologies. Distinguished guests such as Dr. Ravindra Shisve (IPS), Commissioner of Police, Railways, Mumbai, Dr. Koteswararao Anne, Dean of MPSTME, and Renesh Gandhi, General Secretary of the Student Council, graced the events with their presence. Students showcased their creativity through a Solo Dance performance in the Big Auditorium and a Group Dance at the Canopy Stage near the outdoor café. The energy peaked during the electrifying Lost Stories Concert at JVPD Grounds. The backbone of these events was the Super Core Team of SATTVA'25, who worked tirelessly to organize and execute these memorable experiences.

Campus Facilities

Empowering Innovation and Comfort

At MPSTME, we believe that world-class facilities create the foundation for world-class minds. Our vibrant campus houses state-of-the-art labs including the AR/VR Lab, AI Lab, and Robotics Lab, providing students with hands-on experience in cutting-edge technologies. The Library offers a vast collection of academic and research resources in a serene environment. Students can unwind and collaborate at the Boys' and Girls' Lounges, while the Canteen serves as a lively hub for social interaction and delicious meals. Practical learning is enhanced through our well-equipped Workshops, ensuring a holistic educational experience.
